CLAN MAN FOUND IN HILLS

CORPSE IS LOCATED IN POOL

Indications Point to Foul Play; Clothing and Valuables Gone

Head Battered As if by Blunt Instrument in Hands of Assassins

Indications pointing to the murder of a middle-aged man, hit over the head, his clothing and valuables taken from him and his body thrown into a small pool of water, where it had lain for several days, were discovered by two boys from the Seventh-Day Adventist school this morning.

Charles Greenwood, accompanied by a companion, were out botanizing in the hills, and when about half a mile away from Pinehurst, made the gruesome find of the body floating on the surface, face downward, where it had doubtless been thrown by his assassins, who appeared to have taken everything of value and which could have been used to identify him.

While the boys did not make any effort to investigate the surroundings, except in a casual way, neither were frightened, and both gave a very intelligible story of the conditions.

Following the discovery of the remains, the head showing evidence of having been badly bruised by some instrument, the two lads looked around in an effort to find some clue to the matter to report to the coroner. Failing in this, they hurried to the nearest telephone and there communicated with Coroner Miller, who at once dispatched a deputy to the place.

From facts already gathered, the circumstances appear to point to a murder on the road some distance away, the corpse then having been dragged to the pool and thrown in, after having been looted of everything save the undergarments.

A complete investigation will be made by Coroner Miller.

Honolulu Woman Loses \$2500 by Gem Theft

SAN FRANCISCO, April 6.—A clever burglar operating quietly in the new and fashionable Hotel Cliff, Geary and Taylor streets, this morning, and carried off jewelry to the value of \$2500 belonging to Mrs. E. E. Paxton, wife of E. E. Paxton of Honolulu and San Francisco, capitalist and sugar planter.

They have been living for some time at the Cliff and have been seeing the Exposition, since their last trip from the island. This morning, Mrs. Paxton found that a small brief case, which she had carried with her, was missing and had gone through her jewel cases. Nearly a score of articles were taken, the principal pieces being a solitaire diamond ring, a gold bar ring set with five diamonds, a leaf ring set with rubies, sapphires and diamonds, a breast pin set in platinum with diamonds and pearls, two gold bar pins mounted with pearls and sapphires, a gold watch and chain, a pendant and other pins and trinkets.

Detective Sergeant Patrick O'Connell was detailed on the case.

Alleged Smuggler Is Handcuffed by Woman

LOS ANGELES, April 6.—Shipping handcarriers about his wrists after he had been knocked out by her husband, a bodyguard customs inspector, Mrs. M. L. Oakes made a prisoner today of J. M. Oakes, an alleged opium smuggler, at a point near Tia Juana.

Oakes, who is also known as Captain Oliver, of the Santa Barbara, had thirty-four days of the contraband drug in his possession at the time. The capture was effected after a battle before dawn, during which Chaffin struck Oakes on the head with a revolver handed to him by his wife. Oakes went down and Mrs. Chaffin then handcuffed him and reported her capture to the customs collector here.

Orders Tina Ihrmark Deported From U. S.

SAN FRANCISCO, April 6.—Tina Ihrmark, also known as Tina Isokki, former swimming instructor at the University of California and one time resident of Alameda, was ordered deported today by Federal Judge Downing. She came here from Australia in company with Arthur Trout. The court stated, in ordering her deportation, that she did not do become a moral turpitude, although the young woman had confessed to living with Trout at one time. She was sent out of the country because, the court declared, she was likely to become a public charge.

SHERIFF'S POSSE TAKES TRAIL OF MANSLEY

MAYOR AND PALS ARE GUILTY

Twenty-seven Are Convicted at Terre Haute Frauds

Sensational Trial of Month Ends in Verdict for State

INDIANAPOLIS, April 6.—All of the 27 defendants, including Mayor Donn N. Roberts, in the Terre Haute election fraud cases, were found guilty by a jury today. The case has been on trial in the Federal court here since March 8.

Judge Anderson announced that sentence would be passed on the twenty-seven who were found guilty and the eighty-nine who have pleaded guilty next Monday. In the meantime he permitted all the defendants, with the exception of Alexander Azeel, alias Steel, to remain at liberty under their previous bonds. Steel has been in jail for some time, unable to give bond of \$1000 for alleged attempt to influence government witnesses.

All of the defendants, many of whom were accompanied by relatives, looked the verdict calmly. Those found guilty were:

Donn M. Roberts, mayor of Terre Haute and candidate for the Democratic nomination for governor.

Ell Redman, declared ejected Vigo circuit judge by ten votes.

Elmer E. Talbot, former controller of Terre Haute.

Dennis Shea, sheriff of Vigo county.

Maurice Walsh, county sealer of weights and measures and treasurer of campaign funds.

Harry S. Montgomery, president of the board of public works.

John M. Masselink, city inspector of weights and measures, former member of the state legislature.

Thomas C. Smith, city judge.

George Ehrenhardt, member of the board of public works.

Edward R. Driscoll, secretary of the Vigo county Democratic committee.

Hilton Redman, son of Ell H. Redman.

Charles Houghton, assistant custodian of the city hall.

Lewis Nunley, assistant city engineer.

Joseph O'Mara, street commissioner.

William S. Crockett, superintendent of city crematory.

Richard Knuckey, cemetery clerk and Robert's messenger.

Alexander Azeel, a foreigner, inspector of street paving.

Arthur Gillis, undertaker, Progressive election official.

John E. Green, proprietor of a second-hand store.

William Deric, gambler.

Pearley McKay, gambler.

George Gorman, gambler.

Timothy (Bull) Conway, former pugilist, bartender.

Andrew O'Brien, bartender.

Joseph Strauss, liquor salesman.

George Woodall, saloonkeeper.

William P. O'Donnell, saloonkeeper.

After the jury had been discharged one of the members stated that the

Washington Shell Is Wrecked; Crew Ducked

The racing shell of the University of Washington, which was to compete in the triangular race with Stanford and the University of California, Saturday, was wrecked today in a practice start.

The shell ran on a submerged pile, ripping out fourteen feet of the starboard side and splintering twelve ribs. The crew was thrown out but the men swam to shore safely, carrying with them the wrecked boat.

It is thought possible to repair the shell in time for Saturday's race.

MRS. TEVIS-M'KEE IS WEDDED IN PARIS

PARIS, April 6.—Mrs. Cornelia Baxter Tevis McKee, widow of multi-millionaire Hugh McKee of California and divorced wife of millionaire Hart McKee of Pittsburgh, was married here yesterday to Evelyn Tomley of London, representative of Lloyd's in Paris. The English ambassador was best man and the American ambassador, in the absence of the bride's father, gave the bride away.

The marriage of Mrs. McKee to Evelyn Tomley adds another chapter to the romantic life of this southern beauty. The bride, who was divorced from millionaire Hart McKee after a sensational suit, is the daughter of H. L. Baxter, former

Aged Mystic and Philosopher Is Laid to Rest

"Masonry, brute, mis-handled, 'Net, carved on every stone, 'Till him I, too, have known."

BERKELEY, April 6.—Some such lines as these of Kipling, had Joseph Voyle had his way, would have been inscribed above the modest grave in Sunset View cemetery, where the body of the aged philosopher and investigator was laid to rest yesterday. Voyle's death occurred at the county infirmary, whither, in his last illness, because his wealth in his declining years had slipped from him, he had to be taken. He died of an infirmity from which he had long been a sufferer.

Voyle was close to 80 years. He was educated in Eastern universities, taught school for a time, at last devoted his attention to esoteric and physical investigations. These he continued during years when he was engaged in mining and when he amassed a considerable fortune to devote to his scientific purposes. Litigation ultimately lost him practically all his possessions, and what remained was completely dissipated in the fire of 1905.

Voyle then came to Berkeley and made his home at the Pacific Theological Seminary, where his work of research, recognition, did not. He organized here a branch of the American Society for Psychological Research, of which Professor James Hystop of Columbia University was one of the chief directors. Voyle was the local president. Leading a party of members, bearing "psychical compasses," Voyle reported the finding of evidences of a buried city beneath the university campus.

The lines of this, marked by an ancient people with radium deposits, Voyle claimed to have traced in recent years. He used his compass for other purposes, looking what he thought to be an ancient gold deposit atop the Berkeley crest of hills, and in various parts of the city spots beneath which he believed was a supply of water.

None of his pursuits did Voyle receive recognition or assistance from orthodox scientists. He tried at times to excite the imagination of University of California students in his theories, but without avail. He maintained, despite these discouragements, an abiding faith in his work, which he carried with him to his grave.

MAN HUNT IN EAST HILLS

Murderer of Brother-in-Law at Hayward Makes Escape

Dragnet Spread by Cor-don of Officers; Cap-ture Expected Soon

SAN LEANDRO, April 6.—Following up a clue received early this morning that Tony Liga, after shooting John Caniuzaro, his brother-in-law, here late yesterday afternoon, had taken a street car for Hayward in company with a man and woman, posses of sheriff's men are today searching the Italian quarter in that city and also the surrounding hills.

A member of the San Leandro Italian colony notified Marshal Joseph Peralta that he had seen a man resembling Liga and another man and woman making their way hurriedly from a shack to the car line where they boarded a Hayward car. Peralta learned from the conductor that three passengers had been carried and had alighted on the Hayward side of the county infirmary.

John Caniuzaro, who was a prominent contractor and fish dealer here, was shot and killed by Liga following an altercation relative to the renewal of a former partnership in the making of packing cases. The two men were seen walking down the Southern Pacific tracks shortly after four o'clock. Later Liga disappeared and his whereabouts became a mystery. It was ascertained that a revolver he owned was missing.

WITNESS TO SHOOTING

The shooting was witnessed by Adrian Barbe, driver of a laundry wagon. George Geisenhofer, son of the former town marshal of San Leandro heard the shot and running up, cited at the retreating slayer.

Deputy District Attorney Myron Harris is conducting an investigation. He directed by inquiry into the motive that he directed a search to be made for Liga. The deputy district attorney had stated he had been informed Liga had threatened locating what he thought to be an ancient gold deposit atop the Berkeley crest of hills, and in various parts of the city spots beneath which he believed was a supply of water.

LABOR BILL PASSED IN SENATE

Bitter Fight Made on Law Forbidding Apprentice Restriction

Tyrrell Changes Vote in Order to Move for Reconsideration

SACRAMENTO, April 6.—A bill by Senator Owens forbidding any restrictions upon the number of apprentices to any trade, characterized by its opponents as a measure "to destroy labor unions and establish the open shop," and by its supporters as a bill "to give the American boy a chance in life," passed the Senate today with 22 yeas and 17 nays.

Senator Tyrrell of Oakland, leader of the opposition, changed his vote and gave notice of a motion for reconsideration, making the vote 22 to 16.

Half the members of the Senate engaged in the tense two hours' debate that preceded passage.

"This would be one of the most disastrous things that could happen in the legislative body," said Tyrrell. "It is an attempt to reduce pay and its result would be to decrease efficiency of mechanics. It takes away from the working man the right to make a contract with his employer on the terms under which he is willing to work."

"This bill dropped in out of a clear sky after the legislative recess when the word had gone out that the Senate was an anti-labor body. The bill strikes a very vital blow to labor unions. It is an attempt for the state to step in and regulate the by-laws of the unions," said Wolfe.

Got Many Out Of Trouble; In It Himself Now

LOS ANGELES, April 6.—Earl Rogers, eminent Los Angeles attorney, who is credited with having gotten more people out of trouble than any other lawyer in California, was himself ordered to appear in court to explain to Judge Monroe why \$350 alimony had not been paid to Mrs. Nellie Green Rogers on March 1.

Mrs. Rogers secured a divorce April 8, 1914, and this decree will become absolute next Monday.

At the time the case was heard Rogers agreed in writing to pay \$350 per month alimony, as well as deed to Mrs. Rogers certain property.

In an affidavit filed by Mrs. Rogers to bring Rogers into court, she alleged that he had failed to make the alimony payment for March.

Of this amount \$300 was for Mrs. Rogers and \$50 for the wages of the nurse, who looked after the young children.

Although the interlocutory decree was granted April 8, 1914, it was not entered on the judgment book until April 11, and one year must elapse from that time before a final decree giving absolute divorce can be signed.

MAYOR MOTT WARNS O. T. CHIEFS

The representatives of the San Francisco-Oakland Terminal Railways are making a serious mistake in attempting to boost the value of their rights on the waterfront," declared Mayor Frank M. Mott today after a lengthy conference with W. M. Wells, engineer for the State Railroad Commission. "They are claiming a valuation of over \$5,000,000 for the purpose of the issuance of bonds. If the claim were established, that valuation could be used by the State Board of Equalization for fixing the value for assessment purposes. But any attempt to set such a value for assessment purposes would be contested by the Key Route in court."

"I am not trying to do the company any injury by making this statement. I hope they can rightfully get permission to issue bonds, and so get money to make necessary improvements here. But I think they are making a mistake in the claims they are making before the railroad commission."

Mayor Mott will write a letter to Max Thelen, president of the railroad commission, explaining the franchise rights held by the San Francisco-Oakland Terminal Railways, and the manner in which this franchise was obtained. He received a request for this explanation today.

Embassy Makes Allegation in Case of Odenwald

Detention of Vessel at San Juan Brings Up Sharp Protest

WASHINGTON, April 6.—Germany has protested to the United States against the detention of the Hamburg-American liner Odenwald at San Juan, Porto Rico, under the neutrality regulations.

The German Embassy today asked the State Department to investigate the action of American port authorities in preventing the Odenwald from leaving. The Embassy issued this statement:

"The German Embassy has requested the State Department to investigate the case of the Odenwald. The captain of the Odenwald had asked for clearance papers for Hamburg and the steamer was searched by order from Washington twice thoroughly by customs house authorities. The result of the search having been satisfactory the captain was promised clearance papers."

"After having been kept waiting for three days the captain believed the situation forced him to put to sea, disregarding the rules of the harbor, because otherwise the assembling of cruisers of the enemy which had been informed of his intention would have involved the inevitable loss of his ship."

"When the Odenwald tried to leave sharp firing was immediately directed against her from Moro Castle, without the 'blind' warning shot having been fired, which is in accordance with international rules."

"The fire was continued until three minutes after the machines of the Odenwald had been put on full steam backwards. It is attributed to a lack of chance that by this attack no human life was lost."

TWENTY-SEVEN ARE GUILTY OF FRAUDS

Terre Haute Mayor and Others
Accused Are All Found
Guilty.

(Continued From Page 1)

Verdict had been reached last night. The jury was composed of ten farmers, an insurance agent and a druggist. Ten of the jurors are Democrats, one a Republican, another a Progressive.

The federal government placed its claim to jurisdiction in the fact that a United States senator and a member of congress were being voted for in the election. It is said that this was the first time the federal government had ever interfered in an election on this continent.

The indictment on which the men were tried is in 20 counts. The first is based on section 19 of the United States criminal code, the subject matter of which is conspiracy to injure persons in the exercise of their civic rights. The indictment charges that qualified voters were prevented from exercising that right, that qualified persons were prevented from serving on election boards, and that persons who had committed no offense were deprived of their liberty with due process of law.

Conspiracy to defraud the United States by corrupting the election is charged in the second count, which is based on section 27 of the criminal code, which was used in the dynamite conspiracy case here two years ago.

U. S. MAILED USED.
In brief, the third count alleges that in furtherance of the scheme to defraud the United States, the defendants placed letters in the mail, and it is also placed on section 37.

The final count charges a scheme to defraud the gamblers and saloon-keepers of Terre Haute, and in furtherance of this scheme a letter was placed in the mails.

The federal grand jury began its investigation under the direction of District Attorney Daily about two weeks after the election of November 3, 1914, and returned the indictment on December 24, and naming 125 men. The United States marshal and his deputies began making arrests Christmas night and took into custody 116 of the men indicted. The remaining ten have not been apprehended.

Eighty of the men arrested pleaded guilty on January 12, 1915, eight more had entered the same plea before the trial was almost over pleaded guilty. For Mayor Roberts and 26 others, counsel filed a demurrer, which was overruled by Judge Anderson on February 1. The trial was begun on March 8.

SHIP MAY BE SAFE.
GENOA, April 6, 3:30 p. m.—The owner of the Luigi Parodi denies that the vessel has been lost. He says that the steamship left Gibraltar Saturday after being detained there 24 hours and that she is about to arrive at the Italian port of Savona, 25 miles southwest of Genoa.

SOCIALISTS ARE DEFEATED.
BY ASSOCIATED PRESS.
BUTTE, Mont., April 6.—Complete returns in the city election here yesterday show that the Socialist administration was defeated. Charles H. Lane, Democrat, received a plurality of 2907 over the present Socialist mayor, C. A. Smith, who sought reelection. The city council, which had been controlled by the Socialists, now has a Democratic majority of thirteen, there being three Socialist hold-overs.

NO DISCRIMINATION, IS DEMAND MADE BY U. S.

WASHINGTON, April 6.—The United States government today made public its note to Great Britain announcing that it could not "admit" either the right of the United States to demand that the United States be made an "entirely neutral" country in the war between Germany and neutral countries.

The following are the salient features of the note:

There will be no reprisals for the illegal acts charged against Great Britain. The United States will content itself with demanding damages for the commission of wrongs against American commerce.

The United States says that it cannot approve the Great British would ask to justify an unlawful course of conduct toward neutrals on her part on the ground that she was forced to it by illegal acts of her enemy. If the actions of Germany, which are forcing the British to retaliate, are found to be "in disregard of the principles of law sanctioned by enlightened nations," says the note, "this government does not, for a moment suppose that his majesty's government would wish the same taint to attach to their own actions."

OTHER NATION'S RIGHTS.

3. The Scandinavian and Danish countries, on trade with Germany, Baltic ports, therefore if the same rights are denied to the United States it would be a discrimination because "the essential element of blockade is that it shall bear with equal severity upon all neutrals."

4. It is suggested to Great Britain that even if a cordon of blockading vessels were extended across the approaches to any neighboring neutral port or country, "there should still be allowed 'free admission and exit to all lawful traffic with neutral ports through the blockading cordon.'"

Such traffic, it is held by the United States, should include all outward-bound cargoes from the neutral country and all inward-bound cargoes to the neutral country except contraband in transit to the enemy.

PROMISE TO FLEET.

6. The attention of Great Britain is called to her promise that instructions will be given to her fleet and customs officials to act with the utmost dispatch and consideration for neutrals compatible with the object of establishing a blockade. The United States hopes that the effort of the exercise of such officials of their discretionary powers will be "to modify in practical application those provisions of the order in council, which if strictly enforced would violate neutral rights and interrupt legitimate trade."

The United States assumed therefore that when it is known to Great Britain that American vessels are not carrying contraband of war for or destined to or proceeding from ports within the belligerent territory, such vessels will not be interfered with.

Ambassador Sharp, at Paris, was instructed to present a copy of the American note to Great Britain to the French Foreign Office, with the statement that, although the French Admiralty decree has not been officially received in Washington, it was understood here to be identical with the British Order in Council, and the American government therefore made similar reply.

**CASE RESTS WITH
ORDER PRESENTED**

WASHINGTON, April 6.—With the publication today of its note in reply to the British government's order in council proclaiming a virtual blockade against neutrals, the American government rested its case. Great Britain is now looked to make the next move and her course is awaited with the keenest interest in official and diplomatic circles here.

The note, though couched in the most friendly language, denies the right of Great Britain and her allies to blockade neutral ports and reiterates that the intention of the United States is to insist upon its rights. It declares that to admit that right "would be to assume an attitude of un-neutrality toward the present enemies of Great Britain, which would be obviously inconsistent with the solemn obligations of this government in the present circumstances and for Great Britain to make such a claim would be for her to abandon and set at naught the principles for which she has consistently and earnestly contended in other times and circumstances."

The communication takes note of Great

Britain's declaration that the enforcement of the order is left largely to the discretion of the police courts, the customs officers and the navy and the hope is expressed that the order will not be enforced in such a way as to prevent the free transit of neutral goods from one port to another through the cordon of British warships.

"This government, therefore," the note says, "infers that the commanders of his majesty's ships engaged in maintaining the so-called blockade will be instructed to avoid an enforcement of the proposed measures of non-interference in such a way as to impose restrictions upon neutral trade more burdensome than those which have been regarded as inevitable when the ports of a belligerent are actually blockaded by the ships of its enemy."

It is then added that many possibilities are seen for "serious interruption of American trade" which would "impose upon his majesty's government heavy responsibilities for the acts of the British authorities."

The note concludes with the hope that the British government, "having considered these possibilities, will take the steps necessary to avoid them and in the event that they should unhappily occur, will be prepared to make full reparation for every act which under the rules of international law constitutes a violation of neutral rights."

ENGLISH PRESS IS CRITICAL IN VIEW

LONDON, April 6.—The Daily Telegraph, in an editorial says that it is "in the American note a lesson to be drawn, the British act in an 'intellectual vacuum,' and continues:

"We are not fighting so much for the principles of international law as for our existence. The American government seems to miss this point in the correspondence which is resorting to similar practice to the Germans. On the contrary, we are treating all neutral subjects and interests with a consideration which moves many persons in England to indignation and expostulation."

"These considerations apart, the Washington government makes an important and valuable contribution in a suggestion which appears to bear the character of an invitation to the allied governments to declare a formal long distance blockade, limiting on neutrals all the penalties of attempting to break through. We apprehend that jurists will contend that the proposal involves a far more serious infraction of international law than the allies' present measures, but the plan certainly is worthy of a most friendly examination."

The Daily Chronicle complains that President Wilson has done in his correspondence with the government of the United States in a difficult position, and his note seems to reflect perplexity by its very style of expression. We are sure that the British government will do its best to meet him, but it is impossible for the allies to allow non-contraband goods to reach Germany without destroying their policy."

The Daily Graphic fails to draw a distinction between the "technical irregularities" the British blockade may involve and the "shameless inhumanity of the German methods of warfare," and adds: "So long as the President argues on this basis, his arguments have no interest for the British public. We have to get on with our business."

The Graphic goes on to advocate the confiscation of the property of German subjects in England, "if the Germans continue to take lives of British and neutral subjects on the high seas."

The Daily News says: "The case made by the United States might be contested in its details, but its general soundness is indisputable. The argument that the allies are fighting for the principle of liberty is irrelevant, because the United States is not called upon to decide the rights and wrongs of the war."

"The object of the note is to put America's protest on record and set down the claim for reparation. There is no hint of retaliation, much less of force. There are no suggestions of a kind of armistice, to follow from the British policy. Nevertheless our government would do well to consider whether the probable results of its policy is likely to lead to a worth the inconvenience involved."

"Unless we are mistaken, it is possible to read between the lines of the American note suggestions for a policy which would not provoke a protest on the part of the neutrals and yet might give us sufficient freedom for the exercise of naval pressure on Germany. These suggestions are the proclamation of a blockade and the extension of our list of contraband, and we hope that the government will reconsider the question in all its bearings."

Confer With Johnson On Purchase of W. P.

SACRAMENTO, April 6.—Rudolph Spreckels and J. S. Wheeler, from whom came the original proposal for the State of California to purchase the Western Pacific Railroad, held a conference with Governor Johnson this afternoon upon the suggested scheme. Lieutenant Governor Eshleman was called into the conference by the governor.

A few days ago Spreckels returned from the east where on his own initiative he had gone to discuss the Western Pacific purchase with New York financiers. While east Spreckels visited President Wilson in Washington and it was reported that he had taken up the Western Pacific matter with the President.

TERRIFIC SLAUGHTER AT EPARGES REPORTED

PARIS, April 6.—Combat at the Eparges in the department of Meuse, in March 15, 19 and 20, were no less brilliant and successful than the preceding engagements, according to the French official "eye-witness" in a report giving further details of the battles on this part of the front.

"The most recent success," says the report, "was due to the intense artillery preparation, the very prompt assault and the hand-to-hand fighting. In the trenches captured from the enemy in which our heavy artillery fired great quantities of shells, we found bodies cut up and half buried in earth."

"Soldiers who were captured declare that the French artillery fire was terrible. Other soldiers of the British regiment were decimated, having lost 2000 men and sixteen officers during February. One battalion was reduced to eighty-seven men. Despite this, one of the German prisoners asserted that he had heard a German general say:

PLASTERERS LOSE SCIT.

CHICAGO, April 6.—Three judges of the municipal court, sitting as an arbitration board in the strike of plasterers, have decided that the plasterers' union here violated its agreement with the plasterers' association, and ordered that the men return to work tomorrow morning. Union officials said they would abide by the decision.

kept a franchise to the land they were occupying, and when they had thought they owned it was at the time of the settlement of the rights and privileges of the Southern Pacific, Western Pacific and West coast waterway franchise.

The whole matter was threatened out in a political campaign, and through the efforts of the people. The members of the old city council were elected on a platform which contemplated granting franchises to the Southern Pacific and Western Pacific on certain terms. We had to treat the Key Route people, who were also actually in possession, with equal justice.

"The company recognized the city's placing of the tide line of 1912. They recognized the city's right to grant franchises of this character, thereby recognizing the full rights of the city in this matter."

HOW CITY BENEFITS.
"We gave the company permission to use this strip to build docks and wharves and run trains. But all these improvements were made at the expense of the city. The city's money was not used, but the city's waterfront was improved. And all this is to revert to the city at the expiration of the life of the franchise."

"The ideal of all great ports of the world is toward the establishment of free ports. This is what we are working toward. The object is the encouragement of trade, to the betterment and progress of the city. It is not desired that the city should make a large revenue by direct charges of wharfage and dockage from shippers, but that we should build up a great business."

"In view of these facts, and of the fact that we were avoiding years of expensive litigation which would have been necessary to establish our title to what the company was willing to concede, the city granted a franchise at a nominal rental of \$1000 a year for the first 25 years, and \$2000 a year for the remaining 25 years."

"But it is merely and exclusively a franchise and not a grant of land," Thelen's letter follows.

Hon. Frank K. Mott, Mayor, Oakland, California.
Dear Sir, In connection with an application of the San Francisco-Oakland Terminal Railway for an order authorizing the issue of bonds of the face value of ten million dollars, the Railroad Commission, in order to ascertain the value of the property of the company against which the bonds are asked to be issued, instituted on its own initiative a formal investigation into the value of the property of the company, to which investigation Case No. 321 has been assigned.

In the respect the company relies on Ordinance No. 2699 adopted by the City of Oakland on June 20, 1910, granting to the company certain rights in a strip of land 100 feet wide, on which the company's pier is at the present time located.

COMPANY RAISES POINT.
Frank J. Woodward testified in behalf of the company, claiming that the rights thus conferred were worth at least \$3,100,000, and the company claims the right to issue securities against this amount, and will no doubt claim the right to rates based on this value, in addition to the

value of the remaining portions of the company's property.
Cross-examination into the consideration received by the City of Oakland in connection with this transaction failed to reveal anything of value passing to the city, other than the doubtful value in connection with the straightening out of the old low tide line. We do not yet know whether the city of Oakland or the 'Key Route' gained the most property by the straightening out of this line.

In this, as to all other proceedings, the Railroad Commission is desirous of ascertaining all the facts. I shall accordingly be very much interested to hear if you will supply the commission with the facts in connection with the passage of this ordinance, including also evidence as to the city's money was not used, but the city's waterfront was improved. And all this is to revert to the city at the expiration of the life of the franchise.

Such an attack, the Journal's correspondent says, is considered essential by German officers in Constantinople or in other parts of the Balkans.

desire officially to intervene in the proceedings. In that event, we shall be glad to accept of the aid of the city of Oakland, so as to secure all possible aid on this question. The proposed hearing will be held in the office of the Railroad Commission on April 20, 1915.
Respectfully,
(Signed) MAX THELEN, President.

Attack on Serbia Is Von der Goltz' Plan

By Associated Press.

PARIS, April 6, 3:30 p. m.—The real purpose of the trip to Berlin made by Field Marshal von der Goltz, German military adviser to Turkey, telegraphed to the Journal's Athens correspondent, was to convince Emperor William of the necessity for new and more energetic attacks against Serbia under the command of the field marshal.

Such an attack, the Journal's correspondent says, is considered essential by German officers in Constantinople or in other parts of the Balkans.

desire to establish communications necessary to enable them to obtain supplies of food and other necessities. Another purpose, according to the dispatch, would be the hope that it might turn the neutral Balkan nations against the triple entente, for it is believed in Constantinople that the delay in the Balkan operations has been disappointing to participants of the allies.

Open Evenings.

And here's the Reason!
We Put It Plainly

When piano manufacturers want orders nowadays to keep their factories running they are willing to make big sacrifices.

Seven of the Nation's great piano manufacturers are in charge of this sale at Eilers Music House.

Can a piano manufacturer afford to sell a \$425 piano for \$227, or a \$300 piano for \$190?

Of course he can, for he is doing it because, as we have explained heretofore, he must keep his organization going, because for every two instruments that he now sells at a loss, he will sell us three brand-new ones direct from his factory.

It is business and the business man or business woman who can take advantage of this opportunity now is going to profit by it.

We have stated in our announcement heretofore that the instruments in this sale are out of our regular stock. They are new instruments. They are the highest grade instruments made. No honest man will dispute this statement.

Let us merely state that Eilers Music House ALWAYS gives a money-back guarantee. If an instrument after delivery is not found satisfactory or in every way as represented, Eilers Music House ALWAYS cheerfully and promptly refunds all money paid. (Can anything be more definite or dependable? If so, Eilers Music House can make it so.)

Again we repeat, heretofore has there been opportunity to purchase so advantageously a high-grade piano or baby grand, or a modern player piano, as now?

General conditions have created this present opportunity. Participate in it if you can. It takes but little money and little effort. A few dollars every month or each week will now make every home what it should be—a musical home.

PLOT TO VIOLATE NEUTRALITY BARED

Port Collector at New York Guards Harbor; Grand Jury to Act.

on board a destroyer, it is understood, will be submitted to the grand jury. This together with information obtained by agents of the collector, he asserted, tends to show that a fleet of large tugboats has been sought by the organization, having headquarters in a New York hotel, to move supplies from various points to the British warships which have been watching the entrance to New York harbor almost since the beginning of the war.

RIGHTS ARE DISREGARDED.
With the aid of the grand jury Mr. Malone hoped to break up the alleged conspiracy and prevent the use of New York as a base of supplies for the warships.

The collector said he knew the names of the British warships lying outside the three-mile limit, but he declined to announce them. Their number, he said, varied from two to five.

At Mr. Malone's request, two more destroyers are expected to arrive here within a few days to aid in preventing violations of neutrality. His action, he said, was based entirely upon facts discovered by secret service men, and not on complaints lodged by any foreign government.

The collector is proceeding under the provisions of a resolution passed by congress on March 3, empowering the President to direct collectors of ports to refuse clearance to vessels carrying arms, ammunition or supplies to warships of a belligerent nation. Under this resolution, masters of American vessels used for such purposes are liable to a fine of from \$2,000 to \$10,000 and imprisonment not to exceed two years. Their vessels are subject to forfeiture to the United States.

British Ships Fire on Smyrna Forts

LONDON, April 6.—The Reuter Telegram Company has received a dispatch from its correspondent at Athens saying that British warships again bombarded the forts at the entrance to the Gulf of Smyrna, Monday according to report of the captain of the Greek steamer Arcaea.

Hydroplanes of the allies dropped a number of bombs, the captain declares, and the walls of Smyrna ordered Europeans to leave the town.

BATTLE OF CARPATHIANS IS CRISIS OF CAMPAIGN

By Associated Press.

BERLIN, via London, April 6, 1915.—The outcome of the great battle in the Carpathians, which has lasted so many weeks, cannot be foreseen, according to the special correspondent. At the front for the Tagelblatt, he said, the army taking the offensive against the other equipped with strong positions, which it can retire when necessary, always to the greater loss and the further it goes forward the greater are its losses.

"There is always therefore the well based hope that if the Russians advance by virtue of the masses of troops thrown into the Carpathians by them, they will have to pay dearly and too dearly. Although the conflict in the Carpathians presents an attractive more interest than any other happening in the war, one must not forget that the war theater includes regions other than the Carpathians and these can have an important Carpathian situation.

"The gaining of ground in the Carpathians by no means indicates victory, for victory is not won until the troops are exhausted. Even if the Russians succeed in gaining ground at points in the Carpathians, our offense will be more effective."

SUBMARINE TAKEN CAPTIVE IN NET

By Associated Press.

PARIS, April 6.—A German submarine has been securely entangled in a net specially designed for that purpose and placed off Dover, according to the Petit Journal's Dunkirk correspondent, who adds that the French naval authorities expect to capture the submarine when it comes to the surface.

Miles of submarine traps have been set by the British navy at harbor entrances and other strategic points around the British Isles. The traps are not unlike gill nets used by fishermen. Malleable iron frames 10 feet square, three frames joined, are sunk to a depth of 20 feet, supported from immense buoys. If a submarine, which is a blind thing when submerged, enters one of these frames, its sides are caught, causing the lower frame to

As late as last month he prepared for the press a statement in which he attempted to show that seismic disturbances in the region of the Mediterranean were always preceded by "expulsion of forms of radio-activity at Berkeley." He was convinced at the onset of the illness that resulted in his death that the radio-activity resulting from the recent Italian earthquakes would have deterrent effect upon his physical impurities and save his life.

Notwithstanding Voyle's vain efforts to secure recognition, he had scientific training that made him not a haphazard investigator. He was a metallurgist of ability; in times past had practiced at this work. He was learned as well in mineralogy and geology; he had devoted years of study to electricity. He is survived by no known relatives. Berkeley friends took charge of his remains and arranged for his interment.

GERMAN REASONS FOR PINCHOT BAN

By Associated Press.

LONDON, April 6.—Germany refused to permit Gifford Pinchot, the former chief forester of the United States, to pass through Belgium in order to enter France, because he had been authorized by Hen Van Dyke, United States Minister to The Netherlands, to act as an American consular agent. The German authorities said Mr. Pinchot was persona non grata as American consular representative because he is a brother of Lady Johnstone, wife of Sir Alan Johnstone, the British minister to The Hague, whose guests he was when at the Dutch capital.

Although Mr. Pinchot was believed to be the American minister for relief in Belgium to act as its agent in Northern France, the Germans did not recognize him in that capacity. No friction between Germany and the American commission has been created as a result of the incident. Mr. Pinchot and Mrs. Pinchot were met at the Belgian border by German agents and taken to Brussels, where they remained with members of the commission pending further investigation of their papers by the military authorities. They were not under arrest. Mr. Pinchot continues as a member of the commission, working in Holland or in that portion of Belgium still under Belgian control.

DISARM, PLEADS TUTOR OF KING

ROME, April 6, 9:30 p. m., via Paris, April 6, 5:35 a. m.—Senator Morandi, former tutor of King Victor Emmanuel, who presented in the Senate a resolution favoring disarmament, has written a long article supporting his views, which he says should be discussed more widely if Italy is likely to turn from neutrality to war, since a lasting peace would be impossible without a partial and simultaneous disarmament of the great nations.

He contends that only those countries which intend to prepare for another war immediately after the close of the present conflict can disagree with this view.

Senator Morandi recalls that when the four powers allied against Napoleon defeated the French emperor, they agreed in London in June, 1814, to reduce their forces by half, but owing to Napoleon's return from Elba there was no real disarmament until after Waterloo. The conclusion reached by Senator Morandi is that without disarmament the world must expect "not revolution, but anarchy."

Swedish Steamer Is Captive of Germany

By Associated Press.

COPENHAGEN, via London, April 6, 11:30 a. m.—The Swedish steamer Engstrand from Buenos Ayres for Gothenburg has been seized by the Germans in the Baltic and taken into German port, according to dispatches appearing in a Stockholm newspaper.

The Engstrand was loaded with maize and bran. She had discharged part of her cargo at Gothenburg and was proceeding to Stockholm when seized.

NOTED ATHLETE KILLED

LONDON, April 6.—Captain Wyndham Halswells, the well-known British runner, was killed while fighting at the front on March 31. It was announced here today. Captain Halswells broke the quarter-mile record in the Olympic games in London in 1905 in an exciting contest. He also held other athletic records.

SLAYER ESCAPES BY ELECTRIC LINE

According to Harris, much available time was lost by following the false lead. "When I went to Liza's home for a photograph of the suspect, his wife told me, first, that there were no pictures of her husband, and later admitted that she had torn up the only picture of him that she had," said Harris.

As Liza's father told to a grand jury, Liza would not, his assistant bent over him and fired three more shots. Three of the bullets took effect, two lodging in the breast and the third in the right arm.

Word of the shooting quickly spread and a posse was formed for a chase. In the posse were Deputy Sheriff William Morris, ex-Constable Manuel Horne, Constable Al La Cunha, County Detective George Helms, Deputy Sheriff Brown, Marshal Joseph Peralta and others. A Gordon was thrown around the tules and all trains and avenues of escape were searched. It is believed Liza had been hidden by some of his friends until a late hour when he escaped on the street car.

According to Mrs. Liza her husband had a quick temper which got him into trouble in Italy before he came to California. Cannuzzo was 29 years of age and was also known to be rather short tempered. He lived here for five years and leaves a widow and three children. During the summer months he took contracts with the San Leandro canneries for leading products in railroad cars. The two men were good friends to each other's children. Mrs. Cannuzzo is distraught over the tragedy.

OFFICIAL WAR STATEMENTS

BERLIN, April 6, via London, 3:25 p. m.—The following report from the military headquarters was given out today:

Western theater of war:
"Since yesterday the French have become particularly active between the Meuse and the Moselle, employing strong forces and a large amount of artillery. They attacked northeast, east and southeast of Verdun and also at Ailly, Apremont, Flirey and northwest of Pont-a-Mousson.

"Northeast and east of Verdun their attacks did not all develop on account of our fire. Southeast of Verdun they were repulsed. On the eastern edge of the Meuse, the enemy succeeded in obtaining temporarily a foothold in a small part of our outer trenches but was driven out again during the night.

"The battle in the neighborhood of Ailly and Apremont continued throughout the night without any success to our opponents.

"In the neighborhood of Flirey the fighting was very bitter. Several French attacks were repulsed there. West of the forest of Lepreux a strong French attack north of the high road between Flirey and Pont-a-Mousson broke down.

WEATHER HALTS ALLIES' ARTILLERY

PARIS, via London, 2:50 p. m., April 6.—The statement from the war office this afternoon is as follows:

"Rain and mist continue over the whole front. To the southwest of Vauquois we gained a footing in one of the enemy's works. In the wood of Ailly, southeast of St. Mihiel, our gain of three successive lines of trenches already announced was maintained and also at Ailly, Apremont, Flirey and northwest of Pont-a-Mousson.

"We made progress in the wood of Brule, eastward of the wood of Ailly. We have maintained our possession of the positions captured to the northeast of Regieville, already announced."

"The situation still remains quiet on our front. A change in the weather limited the possibilities of activity on the part of our army.

"Early in the morning of April 3 we successfully exploded a mine under the German trenches in the neighborhood of La Basse. A length of 100 yards of trench and part of a brick stack were broken and destroyed as a result of German activity in the immediate neighborhood was terminated. The German artillery, however, has subjected our front in that quarter to a heavy bombardment.

"On our extreme left the local superiority obtained by our army has been rewarded by comparative immunity while the work on the front line of trenches has been carried out. In this connection it should be pointed out that although no reports have been sent since March 22 owing to the lack of any incidents worthy of special mention, yet individual activities have been of daily and nightly occurrence along the entire front. The general effect of these activities, in which our troops continue to show marked superiority, as already recorded, is cumulative and of great military value."

CHICAGO ELECTS TODAY; MORE THAN 750,000 VOTERS OF BOTH SEXES

CHICAGO, April 6.—More than three-quarters of a million men and women are eligible to vote at today's election for mayor, city treasurer, city clerk, one judge of the municipal court and 28 aldermen.

The candidates for mayor are: William Hale Thompson, Republican; Robert M. Sweitzer, Democrat; Seymour Steinman, Socialist; and John H. Hill, Prohibitionist. Owing to the vigorous campaign which has been conducted, managers of the various candidates predicted that approximately 750,000 votes would be cast. Women voted today for the first time at a mayoral election in Chicago.

The principal issues in the township elections, in 15 Illinois townships today is the wet or dry question. Nearly 400 saloons, it is estimated, will be closed should the anti-saloon forces win. In addition to the saloons, many beer peddlers' licenses in various villages may be affected by the vote.

For weeks a strenuous campaign has been conducted in the several townships. The anti-saloon forces are pinning their hopes on the women vote. In a number of townships today's election will be followed April 20 by city and village elections in which the license or no license fight will figure.

Belgians Repulse Germans in Congo

By Associated Press.

HAVER, April 6.—Fresh attacks by the Germans against the Belgian Congo have been repulsed according to a report made by the deputy governor-general of Katanga to the Belgian minister for the colonies. An assault made on Moumou Hebu north of Lake Kivu, was driven back with heavy losses to the Germans, who were forced into their own territory, German Africa.

The railroads from Kaibo to Lake Tanganyika was completed the middle of March. This line provides an additional element of defense, for it makes possible a trip from Stanley Falls to Tanganyika in less than a week.

Carpathians Only Scene of Big Struggle; Opposing Armies in Deadly Grapple.

By Associated Press.

LONDON, April 6, 10:10 p. m.—What has been called the Easter lull in the fighting is marked these days along both battle lines except in the Carpathians, where the struggle for a cross to the Hungarian plain is going on.

This relative quiet has given ample opportunity for discussion by the British press of the American note in reply to the British order in council. Unofficial Austrian news reaching London by way of Paris declares that the Austro-German forces in the vicinity of the Lupkow Pass are in full retreat, but all other reports from this section indicate that the opposing armies still are locked in a deadly grapple.

Russia reports fighting within the boundaries of Hungary, north of Czernowitz. The Austrians are described as retreating after a strenuous battle. The Russian hand the Austrians claim to have prevented the Russians from crossing the river Dniester and to have taken 1100 prisoners.

In the diplomatic field there is little of interest except the report that Bulgaria and Serbia have reached a friendly settlement of the trouble arising from the invasion of Serbian territory by Bulgarian irregulars.

NO SEPARATE PEACE FOR AUSTRIA, ITALY OPINION

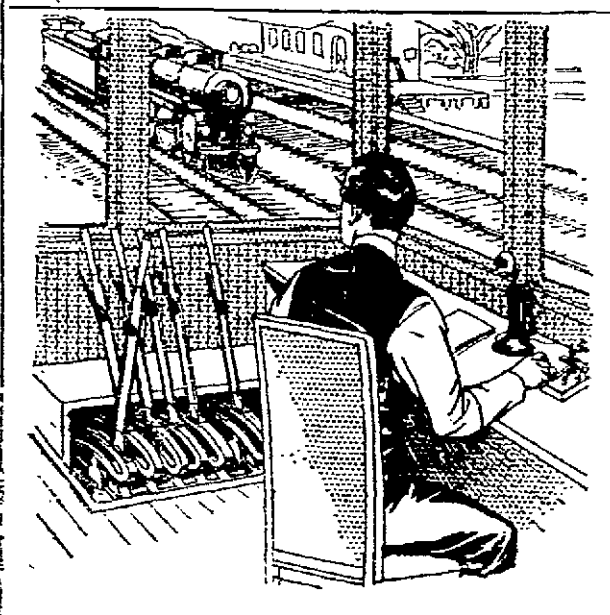

ROME, April 6, via Paris, April 6.—Any effort by Austria to conclude a separate peace is considered highly improbable by the Giornale d'Italia, which declares the military organization of the dual monarchy is in the hands of Germany, forming with her "only one body, not one soul." The paper argues, therefore that Germany might prevent even materially any effort of Austria to come to terms separately with the nations now arrayed against her.

Such a step would be also highly militating to Austria to conclude a separate peace with the Allies, as well as a confession that the central empires considered themselves beaten.

"Austria," the paper says, "represents merely a military embarrassment for Germany, but she represents also a large contingent of men and materials diverting the Russian avalanche from Germany. Germany might permit negotiations only if she desired them to be the first step toward a general peace."

VON DER GOLTZ RETURNS

LONDON, April 6.—A dispatch received by Reuter's Telegram Company from Berlin, by way of Amsterdam, states that Field Marshal Baron Nikolaus von der Goltz has arrived at Vienna en route to Constantinople.

Is Coffee After Your Job?

The average cup of coffee contains about 2 1/2 grains of caffeine, a poisonous drug that handicaps the efficiency and chances for promotion of many bright men and women.

"Down at the Junction," writes a railroad man, "where I am employed as Telegraph Operator and Toverman for a busy railroad, where every second counts and where I hold the lives of the entire train crew and passengers in my hand, I found coffee was making me dull and exceedingly nervous."

"My wife told me about Postum. I tried it and liked it. I never drink anything else now. I have a tin of Instant Postum in my mail. I feel fine, my brain is quick and active and there's no delay at the Junction while I'm on duty. I really think coffee would have put me out of a job if I hadn't quit it for Postum."

POSTUM

Made only of selected wheat and a small per cent of wholesome molasses, Postum contains nothing harmful or injurious, but is, on the contrary, healthful and invigorating.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled, 15c and 25c packages; Instant Postum—the soluble form—made instantly in the cup with hot water, 30c and 50c tins. Both kinds are equally delicious, and cost per cup about the same.

TEACHERS HEARKEN TO TWO EDUCATORS

Benjamin Ide Wheeler Begins
Day's Session With Pedagogical Address.

SAN FRANCISCO, April 6.—Teachers from all parts of California, gathered today at one of the largest congresses ever held by the state educators listened this morning to President Benjamin Ide Wheeler of the University of California on the education of the common man, and later to an address on cultivating initiative in students, two of the most notable addresses of the big California Teachers' Association session being held this week at the Auditorium.

The session was opened this morning. This afternoon will be devoted to the different subsidiary convention meetings that will take up specialized topics. The Federation of School Women held a session during the afternoon, and history details discussion sessions were held in the different divisions.

The session is composed of the teachers of Northern and Central California, among the counties represented being Alameda, Contra Costa, Amador, Alameda, Marin, Mendocino, Placer, San Benito, San Francisco, Santa Clara, Sonoma and Stanislaus.

FAMOUS WRITER SPEAKS.
Mary Antin, famed ghetto worker and author, was the principal speaker yesterday, outlining her experiences with youthful citizens and future citizens in New York. Miss Antin spoke of her return to Russia.

Dr. David Starr Jordan, chancellor of Stanford University, spoke on peace and the movement for the abolition of war. Today he is the speaker at the Social Progress Congress, which is in session here, observing Peace Day, the two sessions being closely bound together by common interest.

Organization meetings were held yesterday by the county sections.

The program for the week's sessions follows:

Wednesday, April 7—9:30 a. m., general sessions in main hall; 1:30 to 3:30 p. m., School Section in Hall A; 7:30 p. m., Elementary Department in Hall A.

Thursday, April 8—9:30 a. m., general sessions in main hall; 1:30 to 3:30 p. m., Music Sections in Halls C-1 and C-2; Nature Study and Agriculture Section in Hall D; Kindergarten Section in Hall E.

Friday, April 9—9:30 a. m., general sessions in main hall; 1:30 to 3:30 p. m., Section in Hall A; English Section in Hall C; Mathematics Section in Hall F; California Association of Applied Arts in Hall E.

Saturday, April 10—2 p. m., English Association in Hall C.

ELEVATORS, OIL TRUST AND INCOME TAX YEARS AGO

PHILADELPHIA, April 6.—The palace of Nero had three elevators. In the year A. D. an income tax was established in Rome on all incomes in excess of \$1000.

The hobble skirt was one of Dame Fashion's decrees in the days of Moses.

These and many other interesting facts going to show that life among the ancients was not so different from that of yesterday were brought out by Professor Camden M. Cobern, explorer and archaeologist, who had just returned from a trip to Palestine.

Professor Cobern pointed out that the Jews had three different systems of shorthand reporting in the first century, and that in every Jewish court a shorthand reporter or a clerk sat on each side of the judge.

Many of the Roman aristocrats took "stenographers" with them upon their travels.

Some of the other advantages enjoyed by the ancients, according to Professor Cobern, follow: In St. Paul's time there were seventy labor unions in Rome.

There were several great monopolies in the first century, the greatest of all being the oil business. The "trust" had not cornered kerosene, which was unknown in that period, but dealt in olive oil and the like.

PUNCH BOARDS GAMBLING.
SAN FRANCISCO, April 6.—Punch boards have been placed in the category of gambling devices by the Police Commissioners and ordered from saloons, cigar stands and other establishments. The Chief of Police was instructed to issue orders to the departments to arrest the proprietor of any place where a punch-board is found.

This action was taken at a meeting of the board last evening following the hearing of G. W. Burke, who conducts a saloon at Filbert and Fillmore streets. He was charged with having a punch-board in his place of business, but was discharged with a reprimand.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from
an Excess of Hydrochloric
Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydro-chloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten goes in the stomach much like garbage in a can, forming acid fluids and gases, which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent, and, furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mucus, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advertisement.

Death Robs A. Myers of Mother's Fortune

HAYWARD, April 6.—Last week Alfred Myers, a former resident of this city, of a fortune which came to him when he was a young man in the late 1800s, died at his home here. He was 45 years of age.

For over fifteen years he had been a resident of this city. He was a well-known figure in the community, and his death was a great loss to the city.

His mother, Mrs. Elizabeth Myers, was born in England and came to America with her family when she was a young girl. She was a devoted mother and a successful businesswoman.

Mr. Myers was a successful businessman and a well-known figure in the community. He was a member of the local board of directors and was known for his public spirit and his contributions to the city.

Heart Failure Kills Actor George Staley

By Associated Press.
ELIZABETH, N. J., April 6.—George E. Staley, an actor, who was playing a part in a road company here, died suddenly of heart disease in his dressing room in a local theater last night. He recently joined the company to take the part of a young man in a play.

Mr. Staley was a well-known actor and had been in the business for many years. He was a member of the local theater and was known for his talent and his dedication to his craft.

CONFIDENCE COSTS MAN GOLD WATCH

William Rogers, 335 Ramona street, Palo Alto, consented to get change for a \$100 bill for a stranger he met at Seventh and Henry streets. The stranger asked Rogers to leave his watch with him till he returned as a proof of his honesty.

Rogers consented.

Rogers attempted to have the bill changed, and narrowly escaped being arrested for attempting to pass bogus money. The bill was bad. He hastened back to where he had left his watch and the stranger. Both were gone.

Burglars last night forced an entrance to the home of C. B. Ratto, 501 Washington street, early this morning. The burglar was discovered by Patrolman Curran.

The apartments of Mrs. Charles McKernan, 2557 Grove street, were entered during the night and jewelry stolen.

AUTO RUNS OVER BODY, BUT MAN IS UNINJURED

Although an automobile ran over his body, Edward Tomlin, an 18-year-old male child of 1140 Regent street, Alameda, suffered but minor injuries last evening. He was treated at the emergency hospital for contusions of the head, thigh and knee. The accident occurred at Nineteenth street and Telegraph avenue, when Tomlin fell off his motorcycle while making a turn.

S. R. Anderson, of 654 Thirteenth street, was driving his automobile immediately behind him, and did not have time to stop when Tomlin fell to the ground. The machine passed over Tomlin's body, and Anderson took the boy to the emergency hospital. Tomlin walked from the automobile to the operating room.

BUTTER MEN JAILED.

PROVIDENCE, R. I., April 6.—William J. Higgins and Jeremiah H. Hall have been sentenced in the Federal district court to one year and one day in the state prison at Cranston, and fined \$1000 each on charges of conspiring to defraud the government out of \$400,000 in taxes on artificially colored oleomargarine.

ZIEGFELD 'FOLLIES' CURTIN HERE TO STAGED MASTERLY: FIGHT MINING SUIT

Every Variety of Actor, Costume and Talent Shown at Macdonough Attraction.

Senator's Honesty Not Involved in Federal Court Action.

They jumped from scene to scene and from sea to sea, took in a lot of the interest of the show. The show begins with a variety of actors, costumes and talent. The show is staged masterly and is a fight mining suit.

Senator John B. Curtin, Democratic candidate for governor at the last election, came to San Francisco yesterday to controvert statements made in connection with a civil action brought against him in the federal courts by the Black Oak mine.

Published accounts of the filing of the complaint failed to make clear the fact that no suspicion of dishonesty attached to the defendant in the matter. Unexpected claims upon the Black Oak mine in Tuolumne county exhausted the funds provided for its purchase before the payment of certain mortgages could be completed, and the attorney and agent was left with a fee and with a lawsuit of his hands.

Senator Curtin states that, aside from the necessity of facing the suit for \$13,715 which has been brought against him, he stands to lose \$20,000 through a turn in the affairs of the concern which has brought the action against him.

"This suit," said Curtin, in speaking of the action brought against him in the federal courts, "is in retaliation for a suit I have pending against the mine company for stock involved in the sale of the mine. The only question at issue is whether it should have been paid out, and this is made clear in the suit. There is no other question involved."

STRUCK DOWN BY AUTO AND SEVERELY INJURED

SAN FRANCISCO, April 6.—Stepping from the sidewalk at Valencia street and Duboce avenue this morning, Mrs. Josephine Inker, of 239 Elizabeth street, was struck down by an automobile. The car was driven by N. P. Melner, living at 1465 Valencia street. He picked up the woman and took her to the Central Emergency Hospital. The physicians found that her scalp had been broken.

As he alighted from a car at San Jose avenue and Mission street, in Daly City, William Brund of 140 Irving street, was struck by an automobile this morning. He suffered an abrasion of the knee and severe bruises, which were treated at the Mission Hospital.

The Scale of a Piano and An Architect's Design

Tone—a lasting, sweet, even, singing tone is what the world wants in a piano. Such a tone is the result of a well drawn scale.

The scale of the piano is its general plan—just as the design of an architect is the plan of a building.

The final result in one case is the tone of a piano; in the other, the beauty of the building.

If a scale has been carried out and no attempt has been made to cheapen the quality of the material or labor; if enough time is given for the perfecting of each of the endless individual parts of the piano, the chance of a fine tone is largely increased.

The tone of the Kohler & Chase is the result of a scale deliberately chosen by an expert in tone, because it had proven, successful! He was offered his choice of three scales: One a famous scale; internationally successful, another was so good that experts hesitated between them; the third was a fair scale of no great or unusual merit. He chose the best of the three.

Later, he offered this scale to us, and knowing its history, the beauty of its tone, we adopted it.

This is the scale that Wentzel-Schmidt says "is not excelled in evenness of scale or balance of scale tension by any of the high grade European or American pianos."

LASSEN IS LED FORTH BY WOMAN

Exposition Officially Welcomes
Northern County to
Jewel City.

TRIBUNE BUREAU, Panama-Pacific Exposition, April 6.—A country of innovations is "Lassen's" which came to the Panama-Pacific International Exposition this afternoon. Though extreme distances and late seasons make a large delegation of visitors an impossibility, Lassen let the visitors at the Jewel City know that it is on the map.

First of all and most important, it gave one of the chief places on its program to a woman, Mrs. C. C. Chahian. Lassen also put fruit and flowers of the other counties into the background. It put silk and velvet into the discard for the time. Lassen's bouquets were nicely trimmed sprays of sagebrush. Its badges were attractive sprays of colored cardboard.

The exercises were held in the California building on the arrival of the procession which formed at the Scott-street entrance at 1:30 o'clock. Among the speakers were J. E. Farwell of Ukiah, and a reception at the Lassen booth followed the exercises.

What Thin Folks Should Do to Gain Weight

Physician's Advice for Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs, who, having tried advertised food-makers, food-fads, physical culture stunts and run-on creams, resign themselves to lifelong thinness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, fat-producing elements of Sargol, which merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten and the additional fats that thin people need are provided. Good Bros. Drug Stores and other leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve tonic and vitality, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.—Advertisement.

CRITICISES CLERGY DEFENDING WAR

Princeton Professor Says That
Peace Propaganda Hurts
Christian Movement.

By Associated Press.
NEW YORK, April 6.—War was defended and the clergy were criticized for their world peace propaganda by Philip Marshall Brown, professor of international law at Princeton University and former minister to Honduras, before the annual meeting here of the Alumni Association of Auburn Theological Seminary at Auburn, N. Y.

The speaker held that war was not horrible and indefensible, but "the most rational thing that can happen at times."

Professor Brown declared that by denouncing the war the clergymen are in danger of being "thrown off the track." Continuing, he said: "The war is not brought on by the evil in men's hearts. Will Italy go into the war—she does go into it—because of evil passions? Certainly not. She will go into it after careful consideration and to accomplish certain definite ends. It is not from malice that men in war fire at one another, but for a natural idea. It is a sin to call war a horror. Men go into war actuated by a wonderful spirit of self-sacrifice."

The speaker declared that the clergy had made a mistake in dwelling too much on the propaganda of world peace and that affairs of state should be left in the hands of statesmen.

"Any sentimental ideal propaganda for peace results in derision that hurts the whole movement of Christianity," he continued. "Christianity is in the hearts of individual men and you should not try to run the universe when immediate cases are crying for solution. We have had labor warfare at home in West Virginia and Colorado. What have you done to keep peace? What are you doing to keep peace in New York? Would we entrust the task to preachers?"

"This problem is a hard one to meet, but it must be met in a practical and not an ideal way. You should preach Christ and leave aside problems of labor and world conflict. God will work out His plans, and we have no right to protest against the great features of His plan."

BOSTON SYMPHONIC ORCHESTRA COMING

TRIBUNE BUREAU, Panama-Pacific Exposition, April 6.—The announcement that the Boston Symphony Orchestra is coming to San Francisco in May and will give a series of concerts at Festival Hall, has created intense interest among music lovers of California. This organization of one hundred instrumentalists, the pick of the profession, stands at the very head of symphonic orchestras and during the 33 years of its existence it has never reached a higher pinnacle of perfection than under the leadership of Karl Muck, who first conducted the orchestra in 1896.

ARMY AND NAVY WILL VISIT FAIR THURSDAY

TRIBUNE BUREAU, Panama-Pacific Exposition, April 6.—Army and Navy Day at the Exposition, set for March 27, but postponed on account of rain, will be celebrated Thursday. The postponement of the dedication of the enlisted men's club house has increased interest in the event. It was announced yesterday by E. A. McCall, secretary of the Army and Navy department of the Y. M. C. A., that the parade and all the details of the celebration would be greater than originally planned. Every branch of the service will be represented.

The speakers will be Major General Arthur Murray, Admiral Thomas B. Howard and Rear Admiral Charles F. Bond. Colonel Elmer Swift, originally slated to be grand marshal of the parade but because of the postponement he will be unable to act.

SOCIETY

MISS ERNESTINE MCNEAR, WHO WILL BE MARRIED TO MR. GEORGE NICKEL THIS EVENING.—Boye photo.

One of the beautiful Easter brides was Miss Ernestine McNear, daughter of Mr. and Mrs. George McNear Jr., who was married to Mr. George Nickel in San Francisco at 10 o'clock yesterday afternoon. The ceremony was held at the residence of the bride's mother, Mrs. McNear, who is one of the most beautiful girls in the city. The wedding was a very quiet affair, and a number had been hidden to the reception at the McNear residence in Pacific avenue. There were elaborate decorations at St. Luke's church where the ceremony took place. Miss McNear, who is one of the most beautiful girls in the city, had chosen a group of pretty girls for attendants, so the bride party was unusually lovely in setting of many flowers and graceful palms. Mrs. Wooster Lamber of St. Louis was in honor and Miss Elmin McNear was the first bridesmaid. The other bridesmaids were Miss Helen Berthman, Miss Marion Crocker, Miss Beatrice Nickel, Miss Gertrude Thomas, Miss Tucker, Herbert Payne, Robert Hayne, Archie Johnson and George Bowler. Members of the bridegroom's party with whom the bride and groom are favorites were present in numbers and the wedding was one of the most brilliant of the season.

MISS BADGLEY A HOSTESS.
Miss Doris Badgley gave a bridge party this afternoon at her home in Lake street in honor of Miss Helen Crocker who will be married this month to Mr. Thomas Crocker. The decorations were baskets of spring flowers and the bridegroom's party was very large. Invited to meet Miss Acker were Mrs. Moylan Fox Jr., Mrs. George Deniel, Mrs. Thomas Hogan Jr., Miss Helen Crocker, Miss Edith Goodfellow, Miss Hazel Ingels, Miss Phyllis Brown, Miss Katharine Bennett, Miss Barbara Champion and several others.

LEASE NEVILLE HOME.
Mr. and Mrs. Henry Seth Denning, who with their daughter, Mrs. Gardner Perry Ford and Miss Dorothy Denning, have spent the winter in the Frank L. Brown residence in Vernon street, have leased the home of Mrs. John Perry in Berkeley for the summer. They will entertain their relatives, Mrs. F. Wheeler and Mrs. Oliver Shires of St. Louis, who will arrive in May for a visit of two months. The Denning family will open their Santa Cruz home on July 1 for the remainder of the summer and are planning a number of delightful house parties to be given there.

ENGAGEMENT ANNOUNCED.
The engagement of Miss Ruth Houston, daughter of Mr. and Mrs. M. K. Houston of Berkeley, to Mr. Eric H. Houston of Berkeley, is announced. The interesting news was told to a group of friends at a bridge party at the Houston home in Channing way. Among the guests were Mrs. Alexander Cameron, Mrs. Ralph Shaw, Miss Claire Pahl, Miss Katherine...

RETURN TO NEVADA.
Mrs. Grayson Hinkley (Helen Stone) left today for the Hinkley ranch at Beowawa, Nevada, after a visit of a fortnight at the Robert Stone residence in San Francisco. She will return in June to her home in Nevada. Mrs. Hinkley will accompany her husband, Mr. Hinkley, who is visiting Mrs. Hinkley's daughter, Mrs. William Haylock Phillips, who is a resident of San Francisco.

MEETING POSTPONED.
The meeting of one of the afternoon bridge clubs scheduled for today was postponed owing to the many affairs in the city.

'Will Do My Own Cooking,' She Says

Bride Will Forsake Social Whirl for Stove and Dish

The picture of Mrs. Harold Barnard in a short-sleeved "rub dress," with dainty lawn apron, brooding chops, is an attractive one to dwell upon in fancy. In contrast to Miss Harriett Stone in shimmering chiffons at balls for the Buckram society is interesting. But Mrs. Barnard, who was Miss Stone until her wedding last week, will present this charming picture of her new home in Sacramento.

Mrs. Barnard is to "do her own cooking," in her new kitchen, and is enthusiastic over the idea. For months she has collected recipes and experimented with them in the kitchen of the Stone mansion, and she is a really accomplished cook.

The Barnards are to live at the County Hospital in Sacramento, where Dr. Barnard is a resident physician, and where a pretty home is being built. After where the chef of the institution would cook for them if Mrs. Barnard didn't prefer to do it. The fascinations of a new kitchen, with all the gleaming copper, delicate new enamel and shining aluminum ware, were irresistible. In a spirit of domesticity, Mrs. Barnard, who, like her sister, is a bright, unaffected, bonny girl, added to be a genuine "housewife" but least with the kitchen is still new and irresistible.

WHO WOULDN'T BE NURSE?
NEW YORK, April 6.—For nursing Mrs. Frank Leslie's widow of the famous publisher, during her last illness, Anne P. Frey has used the Leslie estate for \$25,000. Miss Frey says she asks for such a large sum because of Mrs. Leslie's frailty and peculiar mental condition during her illness.

"WHICH POINT DO YOU PREFER?"
See next Thursday's Tribune. (Advertisement.)

Easter week. The club will be entertained by Mrs. Nelson Howard at her home in Piedmont on Tuesday afternoon, April 20. It will be the third bridge party at the hospital toward home for a fortnight, two of the largest clubs having planned to meet there next week.

VISITED SACRAMENTO.
Miss Frances Bridgewater returned yesterday from a visit to Sacramento where she spent a jolly week. She was the house guest of Miss Evelyn Dodson and her sister, Mrs. C. C. Bridgewater, for her, entertaining 40 of the younger set at Sacramento. Miss Katherine Ross accompanied Miss Bridgewater to Sacramento, and will stay at the Bridgewater home in Walsworth avenue for a week.

MISS JOLLIFFE MARRIED.
Last evening at the home of Dr. and Mrs. Harry Moffitt in San Francisco, Miss Virginia Jolliffe became a bride of Col. D. C. Jackling at a ceremony marked by its simplicity. The bride was accompanied by her sister, Miss only the more intimate friends of bride and groom who were present knew that the wedding would follow the announcement so close to the wedding.

BULKLEY'S ENTERTAINED.
Many informal entertainments are being planned for Mr. and Mrs. Morgan Bulkley and their party, who are at the St. Francis where many of Mrs. Bulkley's friends are staying. The party has been greeted there since their arrival last week. In the party are Miss Elton Bulkley and Miss Anna English of Hartford, who are thoroughly enjoying their visit to California and who accompanied the older members of the party to Oakland on Sunday when they were entertained by Mr. and Mrs. Charles Houston. Captain and Mrs. William McKitt-trick will give a dinner in San Francisco for the visitors who are to leave the last of the week for a short trip to Yosemite.

DINNER GUESTS.
Mr. and Mrs. William Pierce Johnson of Piedmont were guests at dinner last evening at the home of Mrs. William Thomas at the Fairmont. Mr. and Mrs. H. M. A. Miller were also in the party that later attended the benefit performance of "Under Cover" at the Cort Theater.

LEMCKE-HALL WEDDING.
This evening at the Lemcke home in Alameda, Miss Emmy Lemcke will be married to Mr. Charles Hall, son of Mrs. S. P. Hall and the late Judge Hall of Oakland. About 100 guests will be present at the ceremony at which the bride will wear a gown of white with pink and blue accents. The house will be decorated with quantities of pink flowers, pink being the predominant shade in the living room where the ceremony will take place. Miss Lemcke will wear a bridal gown of white with tulle veil and orange blossoms, and will be attended by Miss Helen Wilkonn as maid of honor in a costume of pale blue tulle. Dr. Channing Hall will be best man. Among the many family connections, most of whom will be present at the wedding, are Dr. and Mrs. Channing Hall, Mr. and Mrs. James Kenna, Mr. and Mrs. Anthony Cammiller, Mr. and Mrs. Whipple Hall, Mr. and Mrs. A. Moore, Miss Ethel and Miss Margaret Moore and Miss Priscilla and Miss Natalie Hall. Lieutenant and Mrs. Rapp Brundage and their family will be married several weeks ago, are in the east.

OPEN COUNTRY HOME.
Mr. and Mrs. Frank Glass have opened their new country home in Napa valley where they will spend the greater part of the next six months. The place is on the crest of a hill overlooking the Napa valley and the house, which was designed by Mrs. Glass, is arranged to entertain a large number of guests. Within the next few weeks Mr. and Mrs. Glass will give a series of parties to a number of their Berkeley friends. Their home in the college town has been leased to Mr. and Mrs. Chester Rowell of Berkeley, who took possession of it the first of April.

RETURN TO NEVADA.
Mrs. Grayson Hinkley (Helen Stone) left today for the Hinkley ranch at Beowawa, Nevada, after a visit of a fortnight at the Robert Stone residence in San Francisco. She will return in June to her home in Nevada. INSURANCE

By LILLIAN RUSSELL
(Copyright, 1915, By Lillian Russell)

YOU can write out a check to pay for insurance of practically every variety, but it is not so easy to secure a policy which will insure you against the loss of your attractive personal appearance. Whether you are a man or a woman, that is one of your most valuable assets. It makes the first impression which is made on the eyes of the person you will have a chance to make a second.

The possibility of the destruction of your property by fire is recognized. The chance of robbers stealing your jewelry and valuables is not a new one. You guard against fire and you take precautions against the burglar. If you travel you insure against accident. You pay for insurance to protect you when you are sick and for the benefit of those you leave behind you when you die. In fact, you purchase insurance of practically every sort—but no policies are issued to cover your personal appearance, which is a great asset.

It may sound rather odd to consider all of these things in a group, but we insure only valuable things. In your personal appearance is involved your health and happiness, your success and prosperity. This certainly makes it of value and worthy of mention with valuable things.

You are the only guardian of your person so far as its appearance is concerned. It remains for you to take the precautions and exert efforts which will insure an attractive presence not only for a day but for a lifetime. And since it is to be so lasting, it must be deep rooted.

Do you ever stop to think a moment before causing a disordered stomach by eating unhealthy food or overeating, that that unhealthy condition of stomach ruins a good complexion? Do you ever think when you are lying about the house all day that you are drawing upon your vitality instead of storing up more of it by going out into the fresh air? Do you ever think that laziness takes away the youthful spring in your body, that neglect will destroy your hair, your eyes and your charm? You write your own insurance policy and you hold it in your own hands.

Beauty and attractiveness are both dependent upon health; then you must give the requisite amount of attention to each of your features and cultivate all add to this proper grooming and you will have a pretty fair sort of insurance against the loss of an attractive and magnetic personality.

Unless you take these precautions, you are liable to find others considering you ready for the shelf of antiquity when you are still young. You may find yourself classed with the dowagers while you feel that you should still be with the young girls or youthful matrons.

There are a thousand reasons why you should carry this insurance and assurance against the loss of your attractions. There is not one reason why you should not.

LETTER CARRIERS WILL DOFF HEAVY UNIFORMS

Oakland letter carriers will be permitted to doff their heavy woolen uniforms during the hot months this year. Postmaster-General Burleson in Washington today issued an order permitting city letter carriers to don uniforms of lighter texture during the summer months of the year. The welcome announcement was received at the Oakland postoffice this morning, and already the local carriers are preparing to order the new habiliments. The uniforms can be purchased at a less cost than the former woolen mail men. The order provides that the uniform consist of light-weight bluish gray worsted of serge, "composed wholly or in part of wool or cotton." It makes possible the fact that all carriers will be made in the cut and design of the uniform.

KING'S DAUGHTERS' HOME HAS EASTER RECEPTION

Attended by a large crowd of guests, the annual Easter reception held by the officers and directors of the King's Daughters' Home took place today at the institution on Broadway. During the afternoon an elaborate musical program was presented. The program was given by the Misses Sherwood, Mrs. C. D. Dingley, Miss Mary Tait, Miss Margaret Wilson, Miss Mildred Wilson and H. F. Fairweather.

BRUNETTES OR BLONDES? NO, COMPROMISE GIRL!
Preferences in the way of types caused temporary dissension in the meeting yesterday of the committee chosen to select a suitable poster for the opening of the new building. Harry Layley insisted that the figure of a brunette woman, particularly of the Spanish type, should be placed on the poster. Manager Director Joseph H. Hains of the Chamber of Commerce-Commercial Club Consolidated, is of English extraction, and insisted upon a blonde.

AGED POSTMASTER QUITS.
RICH HILLS, Mo., April 6.—George P. Huckleby, postmaster of this city, has sent his resignation to President Wilson. Huckleby, who is 74 years old, gave his reasons as ill health and too heavy work for a man of his age. He has been postmaster here for 34 years, first being appointed by President Garfield and holding office under Presidents Harrison, Cleveland, Roosevelt and Taft.

MEET AFTER 20 YEARS; WEDDING IS RESULT

Count Niso Giannini and Dr. Martha G. Thorwick Are Married

SAN FRANCISCO, April 6.—Twenty years ago Dr. Martha G. Thorwick, 1620 Powell street, then a student of medicine at the College of Physicians and Surgeons in Chicago, met a young Italian lieutenant, Count Niso Giannini. The two became friends. Their friendship lasted until the calling of each separated them.

Four months ago Count Giannini and Dr. Thorwick, now a widow, were again thrown in each other's company in San Francisco. The old friendship was renewed. Yesterday it was cemented in wedlock.

Count Giannini took out a license in Redwood City, where he and Mrs. Thorwick were married by the Rev. C. H. Stevens of the Congregational church. In Africa in 1911 and was wounded. This ended his military career and he turned to painting. For the last twenty years he lived chiefly in Paris.

"Count Giannini," Mrs. Giannini said last night, "is a native of Milan, Italy, which city he has an estate. As soon as the war is over we shall go there to live."

Countess Giannini is a native of Norway. The day of his bride, who was Miss Bertha M. Barber of Delta, was instantly turned to tears, as she pleaded with the officers to the effect that her husband was an innocent and honorable man.

The bridegroom was arrested charged with passing three bogus checks on local merchants in February. The officers had been looking for him ever since. Today he was recognized by one of the persons he had swindled.

HELEN KELLER "QUOTE": AUDIENCE TOO SMALL.

SANTA ROSA, April 5.—Helen Keller, the deaf, blind and formerly dumb celebrity, was billed for a lecture in the Columbia theater here last night. But she did not lecture. A matter of money seemed to be the cause. The Santa Rosa public is concerned.

Anne M. Macy, Miss Keller's tutor-manager, spoke for an hour to the 200 in the auditorium. Then Miss Keller was called for. She sat "mute." The opera-house people say she wanted a bigger "house," but Miss Macy says she held out for was the \$250 which had been promised her for the night. And there was only \$120 in the box office. Mrs. Macy said Miss Keller did not want to violate her agreement with the Iremum bureau.

GIRL PUTS INTRUDER TO FLIGHT WITH GUN.

SAN FRANCISCO, April 6.—Flourishing a loaded revolver, Miss Helen Wilson, 2399 Filbert street, put to flight an unidentified uniformed soldier who attempted to force an entrance to her home shortly after 5 o'clock yesterday morning. When the sight of the weapon did not deter the intruder, the girl attempted to shoot him in the leg, but the revolver missed fire. In the meantime Mrs. Sarah Wilson, her mother, telephoned to the North station and Policeman Hugh J. Lyons responded. When the policeman arrived, however, the soldier had disappeared.

The bride couple are well known in Honolulu, of which city the groom is a native. Mrs. Brunns was formerly Miss Katherine Hickey. For several years Brunns was deputy United States marshal in Honolulu.

A Sure Way to End Dandruff

There is one sure way that has never failed to remove dandruff, once, and that is to dissolve it; then you destroy it entirely. To do this just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night, when retiring, use enough to moisten the scalp and rub it in gently with the finger-tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.

GRASS VALLEY TEACHER TAKES HER OWN LIFE.

GRASS VALLEY, April 6.—Word was received here of the death yesterday of Mrs. Maude Passmore, teacher of the sciences in the local high school. By reason of illness Mrs. Passmore asked for leave of absence several days ago and went to Eureka to visit her sister. The recent marriage of Mrs. Passmore's former husband is believed to have prompted the act.

AGED ACTRESS DOES NOT WISH GUARDIAN.

SAN FRANCISCO, April 6.—Mrs. Sarah Thayer, well known as an actress here in the early days, will appear in Superior Judge Murdock's court next Monday to oppose the appointment of James P. Hunter as guardian of her property. Although 55 years old, Mrs. Thayer declares she is as well able to manage her affairs as at any time in her long career. She came to San Francisco from Australia in 1851. She tells of having acted many times in Shakespearean roles with Edwin Booth.

Mrs. Thayer is residing with a friend, Mrs. Alva Moore, at 1515 Webster street. In her petition opposing Hunter she alleges that she was restrained of her liberty for over a week in an attempt to have her agree to the guardianship.

BECOMES BRIDE AS DEATH LUTKS NEAR.

STOCKTON, April 6.—With death believed to be lurking near, a romance of long standing came to an end yesterday at a local hospital, where Jessie Stringham, a teacher in the public schools, was married to F. G. Doherty, a public accountant of this city. The ceremony was performed by Superior Judge J. A. Plummer. News of the wedding leaked out yesterday.

The couple, both of whom are past middle life, have been engaged for a number of years and were planning an early marriage when Doherty was taken ill. Yesterday his condition grew worse, and, fearing that death might result, the sick man expressed a desire to be married at once.

His fiancée acquiesced and the judge was hastily summoned. In the presence of a few nurses and with death believed to be looking on, the ceremony was performed. Yesterday the bridegroom was reported better, with a fair chance to recover.

SISTER STEPS BROTHER FOR VALUABLE ESTATE.

SAN FRANCISCO, April 6.—Louise Schmidt Milne began suit against her brother, George W. Schmidt, yesterday for the cancellation of a deed giving title to property at Hyde and O'Farrell streets, valued at \$20,000. The holding was owned by the late William Schmidt, father of the plaintiff and defendant in the action. According to Mrs. Milne, her brother intimidated their father and by threats of beating him compelled him to deed over the lot April 22, 1914. The father died June 7.

WIDOW OF FAMOUS ENGINEER IS DEAD.

SAN FRANCISCO, April 6.—Mrs. Ida McKee Mills, widow of the late William F. Mills, mining engineer, died yesterday morning at the residence of her daughter, Mrs. Beattie M. Hamby, on Golden Gate avenue. The funeral will be held at 1 o'clock tomorrow afternoon from undertaking parlors at 1719 Mission street.

SAN FRANCISCO, April 6.—Started on a honeymoon journey which will cover 10,000 miles, Harry Brunns and his bride, of Honolulu, arrived yesterday on the Korea and are bound for various points of the East, including Burlington, Vt., the bride's home. It was just a week ago that the young couple were married in the islands.

The bride couple are well known in Honolulu, of which city the groom is a native. Mrs. Brunns was formerly Miss Katherine Hickey. For several years Brunns was deputy United States marshal in Honolulu.

GRASS VALLEY TEACHER TAKES HER OWN LIFE.

GRASS VALLEY, April 6.—Word was received here of the death yesterday of Mrs. Maude Passmore, teacher of the sciences in the local high school. By reason of illness Mrs. Passmore asked for leave of absence several days ago and went to Eureka to visit her sister. The recent marriage of Mrs. Passmore's former husband is believed to have prompted the act.

AGED ACTRESS DOES NOT WISH GUARDIAN.

SAN FRANCISCO, April 6.—Mrs. Sarah Thayer, well known as an actress here in the early days, will appear in Superior Judge Murdock's court next Monday to oppose the appointment of James P. Hunter as guardian of her property. Although 55 years old, Mrs. Thayer declares she is as well able to manage her affairs as at any time in her long career. She came to San Francisco from Australia in 1851. She tells of having acted many times in Shakespearean roles with Edwin Booth.

Mrs. Thayer is residing with a friend, Mrs. Alva Moore, at 1515 Webster street. In her petition opposing Hunter she alleges that she was restrained of her liberty for over a week in an attempt to have her agree to the guardianship.

BECOMES BRIDE AS DEATH LUTKS NEAR.

STOCKTON, April 6.—With death believed to be lurking near, a romance of long standing came to an end yesterday at a local hospital, where Jessie Stringham, a teacher in the public schools, was married to F. G. Doherty, a public accountant of this city. The ceremony was performed by Superior Judge J. A. Plummer. News of the wedding leaked out yesterday.

The couple, both of whom are past middle life, have been engaged for a number of years and were planning an early marriage when Doherty was taken ill. Yesterday his condition grew worse, and, fearing that death might result, the sick man expressed a desire to be married at once.

His fiancée acquiesced and the judge was hastily summoned. In the presence of a few nurses and with death believed to be looking on, the ceremony was performed. Yesterday the bridegroom was reported better, with a fair chance to recover.

SISTER STEPS BROTHER FOR VALUABLE ESTATE.

SAN FRANCISCO, April 6.—Louise Schmidt Milne began suit against her brother, George W. Schmidt, yesterday for the cancellation of a deed giving title to property at Hyde and O'Farrell streets, valued at \$20,000. The holding was owned by the late William Schmidt, father of the plaintiff and defendant in the action. According to Mrs. Milne, her brother intimidated their father and by threats of beating him compelled him to deed over the lot April 22, 1914. The father died June 7.

WIDOW OF FAMOUS ENGINEER IS DEAD.

SAN FRANCISCO, April 6.—Mrs. Ida McKee Mills, widow of the late William F. Mills, mining engineer, died yesterday morning at the residence of her daughter, Mrs. Beattie M. Hamby, on Golden Gate avenue. The funeral will be held at 1 o'clock tomorrow afternoon from undertaking parlors at 1719 Mission street.

HONEYMOON TRIP OF 10,000 MILES TAKEN.

SAN FRANCISCO, April 6.—Started on a honeymoon journey which will cover 10,000 miles, Harry Brunns and his bride, of Honolulu, arrived yesterday on the Korea and are bound for various points of the East, including Burlington, Vt., the bride's home. CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated,
Give "California Syrup
of Figs."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic supply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers know this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

BOAT CAPSIZES; TWO ARE DROWNED

Alameda Man Meets Death in
Accident Upon Trinity
River.

Weaverville, April 6.—Arthur D. Huser, of Alameda and Curtis Look of Weaverville were drowned yesterday in the Trinity river at Taylor's Flat. It is fifty miles down stream from this place. They were crossing the swollen stream in a rowboat to get their mail. When in midstream the boat was seen to capsize. They tried to cling to their overturned craft until they were swept down the river 100 yards or more, when they sank. Friends on shore who saw the accident were powerless to render assistance. Neither body has been recovered. Both men were engaged in trapping. Huser, aged 40, leaves a widow and one child in Alameda. Look, aged 21, has several relatives in Weaverville.

Lafayette, April 6.—James Daley and wife of this place were badly injured in a runaway accident about two miles out of town. They were driving in a buggy and leaving a colt tied by a rope to the spring of the seat. The colt became frightened at a passing automobile and overturned the buggy. Their horse ran and the pair were dragged for 100 yards by the vehicle. Daley was kicked in the head by the colt. Daley has a broken jaw and both were badly bruised.

Sausalito, April 6.—In the school election yesterday Miss Caroline L. Fiedler was re-elected trustee over Frederick Perry by forty-three votes. John D. Saxe of Mill Valley and Dr. A. H. Myers of this city were re-elected directors of the Tamalpais Union High School.

Sausalito, April 6.—Sausalito's streets are to be free from overhead wires. The town trustees have invited all public service corporations having wires that they must be placed underground within fifteen days. This applies only to the business district.

Daly City, April 6.—With 372 signatures, the recall petition at Daly City directed against Trustees Charles L. Biebel, Sylvio A. Landini and B. C. Ross, alleging incompetence, was filed yesterday for trial of the legal case of City Engineer P. C. Roberts and City Attorney J. H. Morris against R. A. Lee, A. W. Pettigrew, Samuel Carr, Charles Shoup and Fritz Hanson, has been continued to next Friday.

San Bernardino, April 6.—The desert, ostensibly "dry" for more than a year, yielded to raiding officers last night and today more than half a dozen truckloads of beer, wine and whiskey.

"Blind pigs" at Daguerre, Barstow, Victorville and other desert towns were thoroughly searched, and between thirty and forty men, proprietors and patrons, were brought to the jails in this city and Highland.

Several clubs in the desert towns also were raided, and furnished their quota of liquor for confiscation.

Los Angeles, April 6.—Just as the bulletin announcing that William had defeated Johnson was hung up in front of a newspaper office, a negro standing in the crowd yelled: "It's a lie! Johnson wins!"

Instantly pandemonium reigned. The crowd, turned into a howling mob, ran for the black and, thoroughly frightened, the fellow dashed across Broadway, knocking over two or three women and children in his flight. Down Broadway he ran, followed by the mob. He escaped.

Stockton, April 6.—For setting fire to a live coyote and turning it loose in a canyon a number of sheep herders are being sought by Humane Officer Owen. "It was one of the most famous acts of cruelty ever brought to my attention," declared the officer, "and I expect to prosecute these men to the full extent of the law. In his search the live coyote is being accompanied by an eye-witness to the act."

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however, handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes one more the center of attraction, and, besides, it keeps the scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advertisement.

WOMEN RULE FEROCIOUS PETS CIRCUS QUEENS OFFER THRILLS

MISS MABEL STARK, WILD ANIMAL TAMESS, WITH THE BARNES CIRCUS.

Men do not draw down all the honors as trainers of the ferocious wild animals exhibited by the Al G. Barnes Wild Animal Circus. Instead, many of the most thrilling and dangerous acts are presented by young women.

Miss Martha Florine, principal woman wild animal trainer with the circus, gives a marvelous example of woman's ability to successfully handle these dangerous brutes, with a group of lions, leopards, jaguars and panthers. Miss Florine is a dainty little lady and looks mighty edible among the big cats, but she puts the animals through their act in a fearless manner.

Miss Mable Stark, another efficient trainer, presents a group of Bengal and Siberian tigers in one of the most thrilling exhibitions of trained man-eating cats ever shown. Two members of the group are but recently from their native haunts in the jungles and are ferocious and treacherous beyond comparison.

DANCE WITH LIONS. Miss May Jackson dances in the lions' den—does the Spanish Fandango surrounded by a dozen fierce African lions.

Miss Bessie Thornton trains elephants.

She is said to be the only member of her sex who has successfully trained a herd of these great brutes.

Miss Adelaide Dennis is another of the coterie who risk their lives to entertain the public. Miss Dennis is famous as a trainer of horses and appears on the program in some remarkable examples of horsemanship.

One of the very remarkable features of the great show is the collection of trained animals presented by Miss Maude Clow. Educated orang-utans, zebras, monkeys, tigers, bears and hyenas are performed by the Misses Eve Lewis, Alice Peterson and Gene Johnson.

These young women do not give all their attention to the training of wild animals, for in many places on the show's program they are seen working with dogs, goats, monkeys, ponies, horses and other domestic animals.

PROGRAM COMPLETE.

The Barnes Circus program is replete with original and entirely new features—a program given entirely by educated animals, over 600 in number and representing nearly every known species. Sixty-five instructive, amazing, amusing and

thrilling acts are presented, one showing a group of twenty-four African lions. The program is generously interspersed with clean, clever comedy, provided by forty-rib-tickling, clown bears, goats, ponies, dogs, monkeys, mules and elephants, and Major Thornton's troupe of educated pigs.

The Barnes show is dated to exhibit on the show grounds at Forty-fifth street and San Pablo avenue, Monday and Tuesday, April 12 and 13. Performances will be given at 2 and 8 p. m., the main tent doors opening one hour earlier.

The show's glittering, mile-long, new-featured street parade, will traverse the principal downtown streets each morning at 10:30. The collection of educated wild and domestic animals shown in this pageant represent in value a king's ransom. A half-hundred open cages of wild animals are a part of the exhibit. Eight different bands and three calliope supply a great variety of music.

BURGLAR SUSPECT FLEES DESPITE POLICE BULLETS

The police are seeking a young man, believed to be a burglar, who broke away from Patrolman Sheff last night and succeeded in making his escape. Sheff fired several shots after the fugitive, but failed to halt him.

Sheff met the young man in Seventh street and asked him what he had in two suitcases he was carrying. The man took Sheff to his room, 1715 Seventh street, and while the policeman was examining the contents of the suitcases, his prisoner slipped out and ran down the stairway and out into the street. Sheff followed but was unable to overtake the man.

Dodley Farnsworth, who occupied the room with the man who escaped, told Sheff that he had come with his partner from a hotel in East street, San Francisco, and had brought the suitcases, filled with collar buttons, trinkets and underwear, with them. He said he did not know his partner's real name.

Farnsworth told the police that his partner had left him while he was asleep, and had taken \$4 belonging to him.

MASKED BANDITS HOLD UP SALOON

Four Thugs Loot Cash Register and Rob Bar Patrons.

SAN FRANCISCO, April 6.—Escaping after robbing the saloon cash register and three customers, and firing several shots at one of the men in the place, four masked bandits, who last night perpetrated one of the most daring holdups ever attempted in San Francisco, are believed this morning to be cornered by the police. The men have been trailed to the Richmond district and a close watch is being kept on the neighborhood in which they are believed to be hiding. Arrests are expected at any time.

The robbery last night occurred in the saloon of Frank McKinney, Twenty-ninth avenue and Lincoln way. Two customers were relieved of their valuables, but when the bandits attempted to rob Harry Brown, 1279 Twenty-ninth avenue, he refused to obey the footpads' commands. Several shots were fired at him as he fled.

The robbers cut the telephone wires of the place before attempting the robbery, and Frank Howard, the bartender, was forced to walk several blocks afterwards to a telephone for police aid. In the meantime the men had fled down side streets. Late last night detectives, investigating in numerous places, discovered that four men answering the descriptions given by the victims had been seen in the Richmond district, where the search has now centered.

The men entered the saloon with a general order to all within to "throw up their hands." The customers, who were Harry Brown, of 1279 Twenty-ninth avenue, Matt Nally, of 250 Twenty-ninth avenue, and Sorren Johnson, of 1378 Twenty-ninth avenue, were then told to line up against the wall.

At this juncture Brown made a rush for the door and three guns were emptied at him.

Afraid that others would make a break for the door, the highwaymen then backed the remaining customers into the side room. There they went through their pockets, securing \$5.50 from Nally and small change from the other two.

Leaving one robber to stand guard, the other two returned to the barroom, where they covered Frank Howard, the bartender, with their automatics, compelling him to open the till. They took all the money in the cash register, amounting to \$13.

Cautioning Howard to keep quiet, they called their companion, and disappeared in the night.

Reaching the Park police station, Brown gave the alarm just as another

REVOLUTION IN CHINA THWARTED

President Yuan Accuses Sun Yat Sen of Fomenting Disorder.

PEKING, China, April 6.—Dr. Sun Yat Sen, the southern political leader, who was the first provisional president of the Chinese republic, has been denounced in a mandate signed by President Yuan Shi Kai for plotting another revolution.

Detectives have reported to the government that Sun Yat Sen appointed agents and sent them into various districts along the Yangtze River and the coast provinces to create disturbances during the negotiations with Japan.

The mandate instructs Chinese military and civil governors to take vigorous precautionary measures.

Dr. Sun Yat Sen has been residing in Tokyo since the last Chinese rebellion. For the last two years the charge has been repeatedly made that he has been conspiring with Japanese officials and receiving assistance from them.

The foreigners in Peking are of the belief that the evidence is against Sun Yat Sen and they recognize also that the Chinese government would not be slow to grasp an opportunity to make political capital out of his Japanese connections. Many other rebels have publicly denounced the Japanese demands upon China, but not so Sun Yat Sen.

The Chinese government has set a price upon the head of Dr. Sun Yat Sen and he has been an exile in Tokyo for two years.

SCIENTISTS WANT COTTON BARRED

Englishmen Declare Great Britain Is Furnishing Germans Ammunition.

By Associated Press.
LONDON, April 6.—A number of the British Association for the Advancement of Science, have been for some time urging the government to place cotton on the "contraband" list, on the ground that it is used for explosives.

The correspondence between these parties and the government has been published, showing that they have brought the strongest arguments before the government that unless drastic measures are taken to exclude cotton from Germany, Great Britain is virtually supplying the Germans with ammunition.

The government, however, so far has declined to move and has referred the petitioners to the great war cabinet.

The Standard, in an editorial on the American note, complains of the apathy of the government in this connection in which it supposes is out of deference for the United States, and says:

"If the British government thereby hopes to avoid offending the United States it has little luck, for it is not with regard to these matters that President Wilson is insistent. He protests against shadowy and ineffective claims much more than against the severe enforcement of undoubted rights."

granting permits in the hands of the chief of police, acting through the traffic bureau, instead of in the hands of the city council and city clerk. It also relaxes the severity of the first jitney bus ordinance in many particulars.

The new ordinance has met with the approval of the jitney bus men except in two provisions, and these will be submitted by the city council by referendum to a vote of the people. These two matters are the license, which the jitney men wish reduced from \$60 per annum to \$10, and the matter of stopping at railroad and street car crossings. The ordinance provides that jitneys must come to a full stop at railroad crossings. The jitney men want this changed to permit them to cross the tracks at a speed not to exceed ten miles an hour.

alarm came over the telephone. It was the voice of a woman who said that a car had just been held up near Twenty-ninth avenue, Ingleside. The mounted police at the station believing that it was the same crowd of robbers making their escape, hurried to the scene only to find that an insane negro had taken possession of the car.

TORRES' ARRANGEMENT.
Charles Torre, alias "Jockey" Eugene Hildebrand, who is in the San Francisco city prison on a charge of contributing to the delinquency of 16-year-old Eleanor Weston, will be remanded to the authorities of this county for trial on a more serious charge, preferred by Miss Irene Pillman, now an inmate of St. Catherine's Home for Delinquents. Torre will appear before Judge Quinn for arraignment and preliminary examination some time this week. Deputy District Attorney Myron A. Harris has been handling the case.

SPEEDER IN TROUBLE.
L. H. Brown, who acts as chauffeur for the Oakland Baseball Club, is out after three times up. He is to appear before Justice of the Peace P. C. Quinn in Pleasanton this afternoon on three charges of exceeding the speed limit. Deputy District Attorney Myron A. Harris will be there and seek to have him fined \$75, a fine of \$25 for each offense.

What Russia's First Big Victory Means

All the thrilling incidents and developments leading up to the siege and fall of Przemyśl (pronounced pshe'mishl, according to the New Standard Dictionary), are presented in THE LITERARY DIGEST for April 3d. All shades of public opinion, as revealed in the American press, on the importance of this Russian victory and its bearing on the outcome of the war, is also submitted.

Some of the other stirring features which will make up this splendid number are:

Naval Losses of the War

This is accompanied by special drawings showing the number and the types of ships that have so far been lost by the Allies and by Germany. At a glance the reader can learn the awful score up to date.

The Post-Office vs. The Railroads

Both sides of the controversy between the Post-Office Department and the Railroads are given fairly and enable the reader to clearly understand the real facts in this important case.

Our Duty in the Chino-Japanese Dispute Philadelphia's Verdict on Billy Sunday France's Pet Gun

This last feature is illustrated by special drawings which show the construction and appearance of the famous gun that has had such a deadly effect against the Germans, and which was a jealously guarded secret until the war made concealment no longer possible.

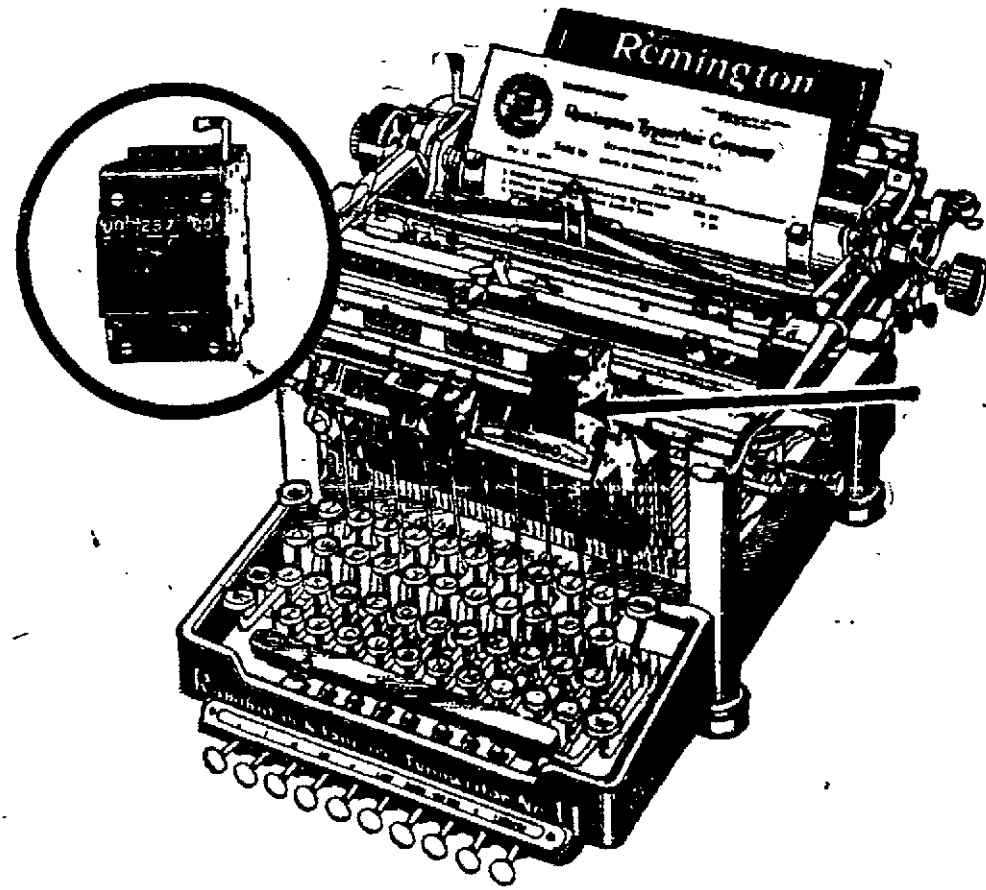

In citing the above-mentioned features, the contents of this week's number of THE LITERARY DIGEST are by no means exhausted, because all the other fields of interest and importance are represented at satisfactory length and with full impartiality by text and picture—Science, Politics, Invention, Sport, Art, Literature, Religion, Education, Industry, Music and the Drama.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapiesin" Makes
Sick, Sour, Gassy Stomach
Feel Fine.

The foods you eat hit back—
taste good but work badly; ferment
in your stomach and cause a sick,
sour, gassy stomach. Now, Mr. or
Mrs. Diapiesin! For this downy Pape's
Diapiesin digests everything leaving
nothing to sour and upset you. There
never was anything so safely quick, so
certainly effective. No difference how
badly your stomach is disordered you
will get better in five minutes. But
what pleases you most is that it
stimulates and regulates your stomach
so you can eat your favorite foods
again.

Most remedies give you relief some-
times, but not always. "Pape's Diapiesin"
is quick, positive
and puts your stomach in a healthy
condition so the misery won't come
back.

You feel different as soon as "Pape's
Diapiesin" comes in contact with the
stomach—distress just vanishes—your
stomach gets sweet, no gases, no belch-
ing, no eruptions of undigested food,
your head clears and you feel fine.

Go now, make the best investment
you ever made, by getting a large
fifty-cent box of Pape's Diapiesin
from any drug store. You realize
in five minutes how needless it is to
suffer from indigestion, dyspepsia or
any stomach disorder.—Advertisement.

MOOSE TO GIVE BENEFIT.
Much interest is being taken in the
benefit theater party which will be
given tomorrow night at the Orpheum
theater by the uniform bodies of the
Oakland Lodge of Moose. The mem-
bers of all the east bay Moose lodges
will attend, and the affair promises
to be among the most successful given
by the lodge. The drum corps, drill
team and band will compete at the
supreme convention of Moose, which
will be given at San Diego in July
for the prizes to be awarded the best
team in the country. These organiza-
tions are among the best in the West
and have taken many first honors.

Bisurated Magnesia for Stomach Troubles

In these days of almost universal in-
digestion, dyspepsia and other stomach
trouble, the recent announcement of a
great specialist that pure bisurated mag-
nesia is an almost infallible remedy for
nearly all forms of stomach trouble, will
come as a welcome surprise to all suf-
ferers. A teaspoonful in a little water
immediately after eating, or whenever
pain is felt, neutralizes the excess acid,
and instantly stops the fermentation and
pain. Those who use bisurated magnesia
regularly for a week or two usually find
that the trouble has entirely disappeared,
and normal digestion is completely re-
stored.—Advertisement.

FIVE STATE COURTS IN ONE DIVORCE SUIT

Banker's Wife Keeps Judges of
Southern Commonwealths
Busy on Case.

NEW ORLEANS, April 6.—Five States
are covered in the ramifications of the
separation suit of Mrs. Eliza M. Brit-
ton-Wheeler against August B. Wheeler,
president of the United States Safe De-
posit and Savings Bank, and partner in
the New Orleans branch of the bank.
Mrs. Wheeler, according to Attorney
J. W. Stagg, of Washington, D. C.,
is representing Mrs. Wheeler in a
demand for an accounting from Wheeler.
Mr. Stagg is in New Orleans, hav-
ing come from Jackson, Miss., where
the suit for accounting was filed in the
United States district court. From there
he goes to Texas and Oklahoma to look
up the property alleged to be concealed
in the state in question, that of Andrew
Clark Britton, over which the account-
ing is brought.

The real estate in Louisiana and Mis-
sissippi alone in litigation involves more
than \$300,000, and includes cotton oil
mills in both States.

Mrs. Britton-Wheeler, the principal
plaintiff, now a resident of Baltimore,
was a Natchez girl, daughter of Audley
Clark Britton, founder of the Britton and
Koonz bank in that city.

The banking institution is made prin-
cipal defendant, while her former hus-
band, August B. Wheeler, of New Or-
leans, Rufus B. Learned, J. N. Carpenter,
Andrew B. Learned, Lemuel B. Connor,
W. A. S. Wheeler, all prominent in Nat-
chez; Melchior S. Belzhoover, of Hudson
Bay, N. Y., administrator of the estate
of George W. Koonz, of the Britton and
Koonz bank; Sidney V. Stratton Jr., of
Natchez, administrator de bonis non of
the estate of Mrs. Eliza M. Britton, de-
ceased mother of the two plaintiffs, are
parties defendant.

About a year ago Wheeler filed suit
for separation from his wife in the civil
district court of Orleans parish. The sepa-
ration was granted, and he will shortly be
in a position to obtain an absolute di-
vorce.

While in Jackson, Mr. Stagg en-
gaged J. M. Carham, Senator Van-
deman's son, to represent Mrs. Wheeler's
interests in Mississippi.

MILLIONAIRE WIFE SUES FOR DIVORCE

CHICAGO, April 5.—A bill for divorce
has been filed by Marguerite Mitchell
Sheriff against Andrew B. Sheriff, in the
superior court. They were married in
1900 and separated in August, 1912.

Mr. Sheriff is a member of University,
City, and other clubs here and in the
East, and many professional societies.
He holds several degrees in arts and laws
from Georgetown, Harvard, and other
universities. His Georgetown degree is
LL. B. When in Harvard he also was an
assistant instructor in constitutional law.
His boyhood home was in Washington,
D. C.

Mrs. Sheriff is a daughter of the late
William H. Mitchell, and sister of John
L. Mitchell, from whose estate she in-
herited \$1,000,000.

KILLS COMPANION WITH PISTOL HE THOUGHT TOY

EASTON, Pa., April 6.—Thomas Demp-
sey, of Philadelphia, N. J., was shot in
the eye and killed by his friend, Joseph
Errington, 19, also of Philadelphia, who
pulled a revolver out of his coat pocket
and pointed it at him, thinking it was a
glass pistol Dempsey had had several
days ago.

Dempsey, at that time, had pulled out
the glass pistol and pointed it at Er-
rington in a joking manner.
When Errington saw the revolver stick-
ing out of Dempsey's pocket last night, he
thought it was the glass one, and pulling
it out, exclaimed:

"Now I'll shoot you!" The revolver sud-
denly went off, with fatal results.
The boys were in a poolroom. Erring-
ton is not held for the accident.

LAST RITES PLANNED FOR CALIFORNIA PIONEER

Funeral services will be held tomor-
row for William Hoyt Chamberlain, father
of Dr. N. H. Chamberlain of this city,
who died on Sunday after a lingering il-
lness.

The deceased, a pioneer and sol-
dier, and Presbyterian elder in early days,
was born in Alabama, July 12, 1836, his
father being a Presbyterian Synodical
missionary from New York. At the out-
break of the Civil war he was conducting
a grist mill in Oklahoma, which was then
Indian Territory. His family was north
and he started thither to join them, as
he was a strong Union man.

But they returned south and passed
him on the way. He then joined Colonel
Fremon's Scouts and went south with the
hopes of finding his family. It took three
months to do so. Meanwhile he passed
through many thrilling experiences. In
1850 he removed to Sonora, Cal., where
he at once started a grocery business. Be-
fore he retired he had established one of
the largest concerns of that class in north-
ern California. The Rev. E. L. Clarke,
of Ukiah, formerly pastor of the
Lutheran Protestant church in which
Mr. Chamberlain was a prominent elder,
will conduct the funeral service tomorrow
at the California Crematorium.

SAVES CASH WHILE ON LOVE TRAIL

With \$100 a Month Allowance
Makes Tour of
Europe.

NEW YORK, April 6.—Women who
have an income of \$100 a month and feel
that they cannot travel abroad and at
the same time dress fashionably should
notice the story related to Supreme
Court Justice Sherman by Mrs. Jessie M.
James, who came to court seeking a solu-
tion of her marital troubles.

Talk about what a thrifty working girl
can do on \$8 a week! Here is what Mrs.
James did on her \$100 a month allowance:
Bought her passage to Europe, traveled
as much as she wanted in Europe, pur-
chased wearing apparel, entertained, and
then saved something.

There were surprises all through the
trial, starting from the time Mrs. James
and her grown son, a graduate of Princeton
university, came into court to look at her hus-
band, 72, N. W. 2nd street, I. new-
time in ten years. She frankly avowed
at the close of her testimony that she
did not have very much love for him.

BLAMES HORSE RACING.

The couple separated ten years ago,
Mrs. James going abroad to take a love
travels. She stated that both she and her
husband had hoped that the absence
abroad would revive her affection for him.
It did not, for Mrs. James returned to
this country via Philadelphia, and did not
see her husband again until he came into
court.

Mrs. James blamed her husband's pen-
chant for horse racing for their first
trouble. She charged he gambled heavily on
the ponies, and sometimes, when his
losses were heavy, came to her for
money.

When the separation came James gave
him \$100 a month. She went abroad
three times.

James, tall, slightly gray and some-
what nervous, testified that he was mar-
ried in 1883, and began married life by
giving his wife no allowance, "but what-
ever she needed."

"She says you lost on the races. Is that
true?" Justice Sutherland asked.

TRIAL SEPARATION FAILURE.
"In twenty years I probably have lost
\$1000," James said. "I went very often
to the track, but only bet from \$2 to
\$5. It was my pastime, and although I
sometimes think that I broke even, be-
cause I certainly enjoyed myself, I am
all lost about \$1000. I was a picker—that's
why I didn't come out ahead of the
game."

From 1902 until 1904 James and his
wife tested a trial separation. They
lived in her brother's home in separate
rooms, never spoke to each other and

tried their best to avoid each other. The
only work
"When this plan failed, James ex-
plained, I agreed with Mrs. James that
it would be well to let her go abroad.
We both got a lot of work out of it. I
went to the steamship pier. She
said she did not know whether she would
ever return or not. I said I knew
her good-by. I wrote her many things
and sent her money regularly.
"I heard nothing from her until she
advised me she was in Philadelphia and
that she would never see me again."

WIFE WANTS
DECREE SET
ASIDEOnce Wealthy Woman Says
Divorce Was Obtained by
Collusion.

PASADENA, April 6.—As Charles F. Kehoe, wealthy, well known in Pasadena society circles and living at the Hotel Maryland, today enjoyed the comforts of upland at Coronado, he was made the defendant in a suit filed in New York City by his former wife, Mrs. Dorothy M. Kehoe, for annulment of their divorce granted in 1910.

Mrs. Kehoe's complaint alleges a remarkable chain of circumstances in which she charges she was "a puppet" in the hands of Kehoe, that her husband had divested her of nearly all of her \$500,000 fortune, that her divorce was obtained by collusion and that she had married Kehoe's son-in-law, who was her only son, for her money.

Mrs. Kehoe's action reveals one of the strangest tales of one-sided love that ever was recorded in the New York courts. She was the widow of William F. Palmer, of J. F. Palmerberg's Sons, from whom she inherited a \$500,000 estate.

"VEHEMENT LOVE"
When she met Kehoe, Mrs. Kehoe says, he was a "fascinating" woman's "adorable" department on Fifth avenue, New York. She was fascinated by him, but she declared in her complaint that while he made "vehement love" to her, she knew that he wooed her only for her money, but that she was unable to resist him.

Even before they became engaged, she alleges, she gave him \$50,000 for investment in stocks through a brokerage firm.

Kehoe, she alleges, placed this money in his own name.

"Her power of resistance," Mrs. Kehoe's complaint stated, was being gradually undermined by the defendant and she was becoming a puppet in his hands.

Becoming frightened at the prospect, she says, she ran away from Kehoe and became engaged to wed another man. Kehoe, she alleges, was ready when Kehoe found her. His influence over her was so great, Mrs. Kehoe alleges, that she broke her engagement and accompanied Kehoe to Hoboken, N. J., September 29, 1908, and there married him.

WANTED MORE MONEY.
Kehoe asked her for money after the wedding, Mrs. Kehoe alleges, and followed this with many other requests for money. In 1909 she asked him to buy land and build a home for them at New Rochelle, N. Y., she alleges, and the investment, \$50,000, was placed by Kehoe in his name. He explained to her, she charges, that it would give him "standing in the business community."

In 1910 Kehoe went to Europe alone, she alleges, and the trip was costly. When he returned, Mrs. Kehoe charges, her husband gained control of nearly all her assets. Then, according to the complaint, Kehoe informed her that he wished to live as a single man for a while and suggested that he furnish evidence on which she might secure a divorce.

Though terrified at the thought of losing him forever, Mrs. Kehoe says, his influence over her was so great that she consented on his promise to reward her.

She brought the divorce suit. It was tried in Westchester county, New York, and the decree was signed February 4, 1910.

THEN KEHOE LEFT.
Immediately after the decree was signed, Mrs. Kehoe alleges, she and her husband returned to their home and lived together as man and wife for some time. The little boy, she alleges, was born. A few weeks after the divorce was granted, she alleges, Kehoe left for the West and never returned.

Now she asks that her marriage to Kehoe be continued in full force on the ground that there was collusion between them in the securing of the divorce.

Merchant Navy Grows;
135 Ships Added

WASHINGTON, April 6.—Up to and including the month of March, 135 vessels of 485,588 gross tons were added to the American merchant marine fleet under the ship registry act of Congress, according to the bureau of navigation. The vessels were valued at \$31,107,270.

TRAIN INJURES CHILD.
Frank Frary, three years of age, was run down last night by a Key Route train, at Twenty-second street and Broadway. The little boy suffered a fracture of the skull. He was removed to the Oakland central hospital, where he is under the care of Dr. A. S. Kelly. It is believed that the accident will not prove fatal. The parents of the child live at 529 Twenty-second street.

COUPON NO. 3 OUT TODAY
CAMERA MAN BUSY, TOO

Today is the day Coupon No. 3 is out.
Clip it!

You'll have four more to clip then to get a free Wild West Show ticket!

Have you seen the Camera Man?

Today was cloudy—but big clouds never worried the man with the box! He was out—and busy—and next Sunday's Tribune will see more pictures on the announcement page than ever before. And every picture means a free trip to the Exposition.

Any boy or girl whose picture appears has but to bring it to the Circulation Manager and get a free round trip, including tickets to the Wild West Show. Any boy or girl bringing in a three months' subscription to The Tribune will also get the free trip.

And any boy or girl under 18 bringing in the full set of seven Tribune Coupons—one is published each day of the week—gets a free ticket to the Wild West Show!

John B. Murphy, or to be perfectly official, "Captain John B. Murphy, U. S. army, Coast Artillery Corps," knows a thing or two about bucking broncos. When the captain sees an outlaw horse he knows pretty well whether it is from the range or has been "city broke" for exhibition purposes. In other words,

SPEEDER 'SASSY'
IN NILES COURT

Richmond Man Close to Jail
Sentence for Being
Too Noisy.

A. B. Hall of Richmond, arrested yesterday on a charge of exceeding the speed limit in his automobile on the Warren Springs road, came unpleasantly close to a jail sentence for contempt of court when he appeared before Justice Richmond at Niles this morning. When brought into court and asked his plea, Hall shouted:

"I don't want to have anything to do with this court. I want a change of venue to Oakland, where I can get a square deal."

Deputy District Attorney Myron A. Harris jumped to his feet. Justice Harris started up from the bench. Harris' counsel, Justice Richmond regained his breath and delivered a lengthy, scorching lecture, after which Hall meekly pleaded not guilty. He will be tried before a jury on April 19.

Some amusement was afforded the court when a poorly attired man answered to the name of J. K. Walker. He was charged with having driven his car at the rate of thirty-eight miles an hour. "Do you know who I am?" he demanded of the court and everyone in general.

"I don't know us anyone around here," answered the court.

"Are you guilty or not?"

"Well, I'm the president of the Santa Fe railroad. I reside at Fresno. Can't you make it a little easier for me?"

He was fined \$25. In all, eighteen alleged speeders appeared before Justice Richmond today and all pleaded guilty. Two of them were minors and were committed to the juvenile court in Oakland. The other sixteen paid fines of \$25 each, a total of \$400.

Desert "Oases" Now
"Dry" for Certainty

SAN BERNARDINO, Cal., April 6.—The desert, ostensibly "dry" for more than a year, is now "dry" for certain. Last night more than half a dozen truckloads of beer, wine and whiskey, "blind pigs" at Daggett, Barstow, Victorville and other desert towns were thoroughly searched, and between 70 and 40 men, proprietors and patrons, were brought to the jails in this city and Highland. Several clubs in the desert towns also were raided, and furnished their quota of liquor for confiscation.

WED TEN DAYS; WANTS
HIS MARRIAGE ANNULLED

Ten days after the wedding, George A. Bailey, a piano salesman, filed suit in the Superior Court in San Francisco yesterday to annul his marriage to Marie Bailey, claiming that he had married the woman after two detectives of the Oakland department had called at his home at 1 o'clock in the morning and threatened to send him to San Quentin if he did not make her his wife.

Bailey married the woman, who was Miss Marie T. Quilada, on March 23. He says that he would not have done so had he not been threatened with imprisonment. He further alleges that the woman and her sister previously pled him with liquor. Bailey is 23 years of age, and his wife is 20. She is a resident of San Francisco. The Oakland police are now seeking Bailey, after learning of the filing of the annulment proceedings, on a charge of failure to provide for a minor child.

HUSBAND HELD TO ANSWER.
Fred Clayton, charged by his wife, Lillian, with failure to provide for a minor child, has been held to answer to the superior court by Judge James G. Quinn. Clayton's brothers have promised to provide for the child pending the outcome of the case in the higher court.

"WHICH POINT DO YOU PREFER?"
See next Thursday's Tribune.—[Advertisement.]

the captain can give you the "down" about anything pertaining to horse flesh.

But several of Captain Murphy's friends—"city bred folks," as he calls them—are not so well versed. That is why the captain sent the following letter to Colonel Fred Cummings, one of the directors at the Miller Brothers' "101 Ranch" Wild West Show at the Exposition:

"I know nothing of the whole Exposition that has given me more pleasure than seeing the 'Real Thing' in the Wild West line. It is most faithfully portrayed in your concession."

"I have experienced a great deal of difficulty in convincing some of my city-bred friends that your broncos are the genuine article. From the range, and not horses schooled for exhibition 'Frontier Days' at Cheyenne, and we are agreed that your portrayal of the West as it was does not suffer in comparison."

(Signed) "JOHN B. MURPHY, Captain Coast Artillery Corps, Aide-de-Camp."

Colonel Joseph C. Miller, one of the owners of the "101 Ranch" exhibition, is proudly showing the captain's letter to his friends, for he is known that the Colonel would rather have a man praise his broncos than any other feature of the "101 Ranch" Wild West Show.

Don't miss that show. Clip the coupon today—and tomorrow—and Saturday you'll have enough for a ticket. One for each day of the week—that's all.

And watch for the Camera Man and for Sunday's Tribune.

POLICEMAN'S SON
TO PRESENT PLAY

"Discovery Night" Feature at
Orpheum Will Be Herbert
Fahy's Sketch.

A thief catcher's son is to play the role of his father's quarry tonight, when, at the Orpheum, the "Discovery Night" feature will be a new sketch, written and staged by Marta Golden, and featuring Herbert Fahy, son of Sergeant Fahy of the Oakland police department, with Nita Marsky and Etta De Leon. The play, written on decidedly original lines, is a story of the law matches with police and detectives. Young Fahy, wise in the methods of police and crooks alike, and carefully coached in the finer points of the part by the veteran police officer, will be the real attraction of the play.

Another feature on the discovery night bill, in which the Orpheum and The Tribune have combined in an effort to develop California theatrical talent, will be Weidon's trained Alaskan deer. Le Sereno and Freeman, clever dancers, will offer something decidedly out of the ordinary in a dancing act—just a little sensation. It's declared by the stage manager, interesting. And then there will be the comic week's big bill, headed by Will Cressy and Blanche King.

Half-hour of music for hospital benefit.

An interesting program has been arranged for a half hour of music to follow the charity card party at Mowbray hall in Piedmont tomorrow afternoon. The program is given by a group of society women who belong to the Elder branch of the Baby Hospital, for the benefit of charitable work of the institution. Nearly 200 guests will be entertained at bridge with many others who will come in later for the music and tea. The card games will be at half past 4. The entertainment will include Mrs. Ashley Paul, who will sing several songs accompanied by Mrs. Fred Sherman. Miss Olive Reed will render violin solos and other numbers will be given by Mr. Harold Williams, Miss Eva Gruninger and Miss A. F. Wellendorf.

Mrs. W. W. Briggs has had charge of arrangements for the affair, and assisting her have been Mrs. Julius McClymonds, Mrs. Frederick Gay, Mrs. Frank Avery, Mrs. Eldridge Stoddard, Mrs. George H. Bailey, Mrs. E. Wheelock, Mrs. R. J. Hopkins, Mrs. F. R. Muhs, Mrs. W. G. Bruen.

ALASKAN RAILWAY SOON
TO BE IN CONSTRUCTION

By Associated Press.
WASHINGTON, April 6.—Work on the new Alaskan railway, it was said today, will begin soon after President Wilson announces the route. Plans for the railway's actual construction, which is expected to begin in June, were before the President at today's cabinet meeting. Definite announcement of the plans for the route, and whether the Alaskan-Northern of the Copper River and Northwestern will be purchased by the government as a link in the line, probably will be announced in a few days.

The names of Major-General Geo. W. Goethals, who built the Panama Canal, and Lieutenant Jay J. Morrow, who was president of the Alaska railway commission, have been mentioned as possible builders. If an army officer of the engineer corps is to be placed in supreme charge.

BARNES-ROOSEVELT SUIT
LEADS ALL ON CALENDAR

By Associated Press.
SYRACUSE, N. Y., April 6.—By agreement of counsel for both sides, the trial of the \$50,000 libel suit brought by William Barnes of Albany against former President Theodore Roosevelt, has been set down for April 19.

The action will have preference over all other cases on the calendar. The name of the justice who will preside has not been announced.

\$120,000 GATE
AT HAVANA
FIGHT

Jack Johnson Sits Up All Night
Watching Money Being
Counted.

By Associated Press.
HAVANA, April 6.—The city of Havana today has fast resumed its customary aspect after the intrusion yesterday upon its normal life of the excitement incidental to the passing of the world's championship from Jack Johnson to Jess Willard. The citizens of Havana are planning to give the new champion a public reception tonight and present him with a silver cup, which was won by Johnson at the fight at Kansas, after which he had dinner and went early to bed.

The promoters were at the race track until long after midnight counting gate receipts. The official total is not yet known. The silver coins of all denominations taken in at the race track are piled up in barrels and alongside of them are stacks of bills, many of them old and dirty and almost falling apart.

JACK JOHNSON FOUND.
The mystery of Johnson's disappearance is now explained. He went to the track to see the gate money counted, although he has no financial interest in the receipts, and at the same time to keep away from visitors. There is reason to believe the gate receipts exceeded \$120,000. The absence of the negro from his house led to wild rumors last night that he had been kidnapped.

Willard and the promoters and spectators will leave this afternoon for Key West. Johnson, accompanied by his wife and some friends, expects to leave Havana the latter part of the week for the French island of Martinique in the West Indies.

More than 1000 persons, tourists, fight spectators and others, now in Havana, expect to make their way to Key West during the next two days. Boats and trains will be taxed to capacity.

A record in the amount of news and private cables moved out of Havana in one day has been established. Sixty thousand words were cleared on the cable lines during the last 24 hours.

Can Hickey Ride an
Ostrich? Bets He Can

An ostrich, temporary residence Emeryville, name unknown, is to be made a truck horse tonight because Joseph L. Hickey, a deputy county clerk, was seen riding the ostrich. Hickey, who prides himself on his horsemanship, that he could not ride the bird, Hickey took the wager, and the attempt is to be made tonight.

Hickey weighs 200 pounds. If he succeeds in riding the ostrich, a procession of twenty similar birds in a parade in connection with a three-day carnival being held by the Business Men's Association of Emeryville.

The Clark-Hickey wager has been the signal for a series of bets. Many are wagering that Hickey and his 200 pounds cannot ride the ostrich, while others are betting that the ostrich's back will be broken.

HALF-HOUR OF MUSIC
FOR HOSPITAL BENEFIT

An interesting program has been arranged for a half hour of music to follow the charity card party at Mowbray hall in Piedmont tomorrow afternoon. ALASKAN RAILWAY SOON
TO BE IN CONSTRUCTION

By Associated Press.
WASHINGTON, April 6.—Work on the new Alaskan railway, it was said today, will begin soon after President Wilson announces the route. Plans for the railway's actual construction, which is expected to begin in June, were before the President at today's cabinet meeting. Definite announcement of the plans for the route, and whether the Alaskan-Northern of the Copper River and Northwestern will be purchased by the government as a link in the line, probably will be announced in a few days.

The names of Major-General Geo. W. Goethals, who built the Panama Canal, and Lieutenant Jay J. Morrow, who was president of the Alaska railway commission, have been mentioned as possible builders. If an army officer of the engineer corps is to be placed in supreme charge.

MAN DROWNS
HIMSELF IN
DREAM

Crying for Absent Son He
Staggers Bleeding into
Pond.

SAN FRANCISCO, April 6.—(The city of) possessed of the hallucination that his son was drowning, Godfrey Buchwald, a cook, of 217 Flood street, jumped from his bed at 3 o'clock this morning, rushed out into the night in his pajamas, ran across lots for a quarter of a mile, dashed through a barbed wire fence and dived head foremost into a pool of water. He was dead when a neighbor fished him out a few moments later, and his body was cut and torn from contact with the prongs of the fence which guarded the little lake.

Whether or not Buchwald was merely walking in his sleep or whether he was wide awake and the victim of a hallucination has not been determined, but Coroner Leland is investigating.

Buchwald's wife and 9-year-old son separated from him three months ago. It is said, because of his peculiar actions. Since then he has been morose. Yesterday he told Charles Neibek that he believed his son was dead. This morning he got up, ran out of the house leaving the door open, made his way across vacant areas and was heard calling, "My boy, my boy."

RESCUER IS LATE.
Joseph Molinari, of 481 Detroit street, heard his cries and saw the white-robed figure in the darkness. He followed as quickly as he could but too late to prevent the tragedy.

Buchwald followed along the bank of a little creek paralleling Detroit street, until he reached Hearst street where the water has been dammed. A wire fence to prevent accidents has been placed about the pool. Buchwald dashed against this, tearing the hem of his lower limbs into strips. He pulled himself through, and dived into the lake. Death was due to drowning.

Deputy Coroner Becker, investigating, found that Buchwald had occupied his bed and had arisen in the night, appeared. Pieces of his pajamas were hanging to the sharp prongs of the wire fence, showing how he had run against it in the darkness.

He was 42 years old.

All Hands Ahoy! Turn
in Drinking Cups

Shades of John Paul Jones and Steve Decatur! Blast me tarry top-lights! Shiver me timbers! Insult has been added to injury! Not only must the navy give up its booze, but it must give up the decanters and glasses that once held the dear beverage.

San Francisco, April 6.—An order received at the navy department at Washington, D. C. Recent action is due to the new historic mandate of Secretary of the Navy Josephus Daniels that no more intoxicants would be permitted aboard ships-of-war of the United States. So now we'll have not only a boozeless navy, but a decanterless and wine-glassless navy as well.

The cup that once cheered, along with the jug that once held the cheer, aforesaid, must be sent back to Washington. There is grief on board all of the ships of the Pacific fleet today. Long-faced officers are watching busy enlisted men gather up their precious glassware and pack it tenderly away, preparatory to shipment.

The relics of a moist century will probably be sold by the Federal authorities.

Three Drown When
Auto Falls in River

By Associated Press.
NEWARK, N. J., April 6.—Three young men, members of the Montclair Academy Alumni Association, were drowned early today when an automobile in which they were riding with four others plunged into an open drawbridge over the Passaic river.

The victims were Gordon Knapp of East Orange and Clarence Stanton and Eugene Smith of this city. The men were returning from New York and were given a ride in the automobile by Wm. J. Blittie Jr., who was saved. A gateman at the drawbridge was knocked into the water but was rescued.

BANK BOOKKEEPER
ATTEMPTS SUICIDE

SAN FRANCISCO, April 6.—Walter G. Muelhopf, a bookkeeper at the Bank of California and who resides at the Hotel Stanford, attempted suicide on the summit of Strawberry Hill, in Golden Gate Park, shortly before noon, and is lying at the Central Emergency hospital.

Muelhopf, who is about 50 years old, is a member of Camp No. 75, Woodmen of the World, of Portland, and came here from that city two weeks ago. A note found beside him asks that the body be cremated and that his funeral be held at a church which he has been attending here. Muelhopf climbed to the top of the hill and shot himself in the head and breast. He was in a shocking condition when found. He has a brother, T. Muelhopf, employed at the Panama-Pacific Exposition.

Officials of the bank say that Muelhopf handled no money. He was working yesterday and they were surprised at his non-appearance this morning.

TELLS WORK OF UTILITIES
Commission Reports on
Figures of Corporations

SAN FRANCISCO, April 6.—The Railroad Commission has issued a report covering the financial activities of the public utilities of the state during the year 1914. The report shows that the public utilities of the state were authorized to issue securities amounting to approximately \$100,000,000.

The securities authorized for the year 1914 exceeded those authorized for the year 1913 and the eight months of 1914.

While no accurate figures are available for the period prior to 1913, it is probable that the securities issues of 1914 of public utilities were the greatest in the history of the state of California.

While all of the securities authorized were not issued, it may be estimated that approximately 90 percent of those authorized either have been already issued or are to be issued.

The report also shows that during the year 1914 the commission denied or disallowed applications to issue securities amounting to approximately \$1,000,000.

The report of new development shows that work carried forward during 1914 on 100 miles of projected new railway enterprise. In addition, the power companies carried out the construction of approximately 100,000 additional horsepower for the state.

The securities authorized by the commission were divided as follows among the different classes of utilities:

Class of Utility. Amount. Per Cent.

Steam railroads, \$133,744,125.25, 61.20.

Electric railroads, 11,352,155.37, 5.63.

Gas and electric, 11,352,155.37, 5.63.

Water companies, 10,700,000.00, 5.21.

Telephone and telegraph, 1,133,000.00, .54.

Power companies, 1,133,000.00, .54.

Gas companies, 1,133,000.00, .54.

Total, \$216,750,000.00, 100.00.

GOLFING EVENTS ENTRIES TO CLOSE

Several Changes Made in the Original Schedule for Exposition Tournament.

Entries for all golfing events in the Pan-Pacific International exposition tournament will close Thursday, April 15. The tournament is made by Charles T. Crocker, chairman.

WIFE OF EDITOR WINS ALBANY SCHOOL ELECTION

ALBANY, April 6. — With a total of 214 votes out of 277 in her favor, Mrs. Laura H. Ryan was elected the new member of the Albany school board, succeeding Mrs. Dalva Slavovitch.

Several changes have been made in the original schedule. The directors of the exposition, since the time was fixed to be ready for play, have been forced to postpone the opening of the exposition to the 15th of May.

The amateur championship commenced as originally scheduled on April 15, the final being played on April 18. Then comes the team match, special open events and the open championship.

Dr. Gulick to Speak Japan, His Mission

DR. SIDNEY L. GULICK.

Dr. Sidney L. Gulick, who, with Dr. Shaller Mathews, has just returned from Japan on a mission to promote better feeling between this country and the Japanese, particularly in relation to immigration, will speak in the First Congregational church at 5 o'clock this evening.

One hundred and five new members joined the congregation of the church at the Sunday afternoon service.

TODAY YOU SHOULD BUY YOUR APOLLO Player Piano

In last week's papers we announced the taking over of the Apollo Agency for all Cities North of the Tehachapi Mountains to and including Portland, Oregon, by the foremost Music House on the Pacific Coast, THE WILEY B. ALLEN COMPANY.

We also announced that, because of their policy, they would accept no pianos now in our stock, preferring to have absolutely new goods direct from the factory.

Under these conditions, we have agreed to sell every player piano on our floors within the next week, including all new, slightly used and exchanged pianos both in players and uprights. If Quality, Prices and Terms offer any inducement, then we shall succeed.

Everyone wants an Apollo Player Piano because it's best and because it costs more than any other piano, and because its artistic merit doubly justifies the additional cost. For this one week only the Apollo is low priced. That means one-fourth to one-third reduction off the prices at which they are sold in every city in the United States.

IF YOU EVER HOPE TO OWN A PLAYER PIANO, SEE THESE

THESE ARE USED: — And — THESE ARE NEW:

Of course, we have taken a great many Player Pianos in exchange for Arttopianos. Here are a few and their prices: A Bepolus Player Piano at \$230.00, an excellent instrument at a wonderfully low price. A Million 88-Note, at \$275.00; a Knabe Angelus, in art case Mission, originally \$1150.00, at \$625.00. A Hudson Autotone, formerly \$900.00, at \$535.00. Then there is a Stelway Pianola, sold a year ago for \$1300.00, this, with a large number of music rolls for \$845, and it cannot be told from new.

We offer three styles E. Apollos, with down touch and spring motor, always \$700.00; now \$550.00. One style E. Solo Apollo, regularly \$900.00, at \$625.00. One style R. Solo Mahogany case, used in demonstration only, \$675.00. Besides these are two of the new Arttopollos, electrically operated, the very latest, most desirable, ever brought out at correspondingly low figures. A \$1600.00 Solo Arttopolo, used in recital work only, in perfect condition, \$950.00.

This is a Real Player Piano Sale. The First Price Reductions Ever Offered by the Apollo Stores Either in San Francisco or Oakland.
